PART I. FINANCIAL INFORMATION

This Quarterly Report includes statements that express our opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results and therefore are, or may be deemed to be, "forward-looking statements." These "forward-looking statements" appear throughout this Quarterly Report and relate to matters such as anticipated future growth in revenues, operating income, cash provided by operating activities and other financial measures. Words such as "expects," "anticipates," "believes," "estimates," "may," "will," "should," "could," "seeks," "potential," "continue," "intends," "plans" and similar words and terms used in the discussion of future operating results, future financial performance and future events identify forward-looking statements. All of these forward-looking statements are based on management's current expectations and beliefs about future events. As with any projection or forecast, they are susceptible to uncertainty and changes in circumstances.

We operate in a highly competitive, consumer and technology driven and rapidly changing business that is affected by government regulation and economic, strategic, technological, political and social conditions. Various factors could adversely affect our operations, business or financial results in the future and cause our actual results to differ materially from those contained in the forward-looking statements. In addition, important factors that could cause our actual results to differ materially from those in our forward-looking statements include:

- competition for broadband, pay television and telephony customers from existing competitors (such as broadband communications companies, DBS providers and Internet-based providers) and new competitors entering our footprint;
- changes in consumer preferences, laws and regulations or technology that may cause us to change our operational strategies;
- increased difficulty negotiating programming agreements on favorable terms, if at all, resulting in increased costs to us and/or the loss of popular programming;
- increasing programming costs and delivery expenses related to our products and services;
- our ability to achieve anticipated customer and revenue growth, to successfully introduce new products and services and to implement our growth strategy;
- our ability to complete our capital investment plans on time and on budget, including our five-year plan to build a fiber-to-the-home ("FTTH") network and deploy our new home communications hub;
- the effects of economic conditions or other factors which may negatively affect our customers' demand for our products and services;
- the effects of industry conditions;
- demand for advertising on our cable systems;
- our substantial indebtedness and debt service obligations;
- adverse changes in the credit market;
- financial community and rating agency perceptions of our business, operations, financial condition and the industries in which we operate;
- the restrictions contained in our financing agreements;
- our ability to generate sufficient cash flow to meet our debt service obligations;
- fluctuations in interest rates which may cause our interest expense to vary from quarter to quarter;
- technical failures, equipment defects, physical or electronic break-ins to our services, computer viruses and similar problems;
- the disruption or failure of our network, information systems or technologies as a result of computer hacking, computer viruses, "cyber-attacks," misappropriation of data, outages, natural disasters and other material events;

- our ability to obtain necessary hardware, software, communications equipment and services and other items from our vendors at reasonable costs;
- our ability to effectively integrate acquisitions and to maximize expected operating efficiencies from our acquisitions or as a result of the transactions, if any;
- significant unanticipated increases in the use of bandwidth-intensive Internet-based services;
- the outcome of litigation and other proceedings;
and
- other risks and uncertainties inherent in our cable and other broadband communications businesses and our other businesses, including those listed under the caption "Risk Factors" in the Company's final prospectus dated June 21, 2017 and filed with the Securities and Exchange Commission ("SEC") in accordance with Rule 424(b) of the Securities Act of 1933, as amended (the "Securities Act") on June 23, 2017 (the "Prospectus").

These factors are not necessarily all of the important factors that could cause our actual results to differ materially from those expressed in any of our forward-looking statements. Other unknown or unpredictable factors could cause our actual results to differ materially from those expressed in any of our forward-looking statements.

Given these uncertainties, you are cautioned not to place undue reliance on such forward-looking statements. The forward-looking statements are made only as of the date of this Quarterly Report. Except to the extent required by law, we do not undertake, and specifically decline any obligation, to update any forward-looking statements or to publicly announce the results of any revisions to any of such statements to reflect future events or developments. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless expressed as such, and should only be viewed as historical data.

You should read this Quarterly Report with the understanding that our actual future results, levels of activity, performance and events and circumstances may be materially different from what we expect. We qualify all forward-looking statements by these cautionary statements.

Certain numerical figures included in this quarterly report have been subject to rounding adjustments. Accordingly, such numerical figures shown as totals in various tables may not be arithmetic aggregations of the figures that precede them.

NOTE 1. DESCRIPTION OF BUSINESS AND RELATED MATTERS

The Company and Related Matters

Altice USA, Inc. ("Altice USA" or the "Company") was incorporated in Delaware on September 14, 2015. As of September 30, 2017, Altice USA is majority-owned by Altice N.V., a public company with limited liability (naamloze vennootschap) under Dutch law ("Altice N.V.").

Altice N.V., though a subsidiary, acquired Cequel Corporation ("Cequel" or "Suddenlink") on December 21, 2015 and Cequel was contributed to Altice USA on June 9, 2016. Altice USA had no operations of its own other than the issuance of debt prior to the contribution of Cequel on June 9, 2016 by Altice N.V. The results of operations of Cequel for the three and nine months ended September 30, 2016 have been included in the results of operations of Altice USA for the same periods, as Cequel was under common control with Altice USA.

Altice USA acquired Cablevision Systems Corporation ("Cablevision" or "Optimum") on June 21, 2016 (see discussion below) and the results of operations of Cablevision are included with the results of operations of Cequel for the three and nine months ended September 30, 2017. The three and nine months ended September 30, 2016 operating results include the operating results of Cablevision from the date of acquisition, June 21, 2016.

The Company classifies its operations into two reportable segments: Cablevision, which operates in the New York metropolitan area, and Cequel, which principally operates in markets in the south-central United States.

Initial Public Offering

In June 2017, the Company completed its initial public offering ("IPO") of 71,724,139 shares of its Class A common stock (12,068,966 shares sold by the Company and 59,655,173 shares sold by existing stockholders) at a price to the public of \$30.00 per share, including the underwriters full exercise of their option to purchase 7,781,110 shares to cover overallocments. At the date of the IPO, Altice N.V. owned approximately 70.2% of the Company's issued and outstanding common stock, which represented approximately 98.2% of the voting power of the Company's outstanding common stock. The Company's Class A common stock began trading on June 22, 2017, on the New York Stock Exchange under the symbol "ATUS".

In connection with the sale of its Class A common stock, the Company received proceeds of approximately \$362,069, before deducting the underwriting discount and expenses directly related to the issuance of the securities of \$13,609. The Company did not receive any proceeds from the sale of shares by the selling stockholders. In July 2017, the Company used approximately \$350,120 of the proceeds to fund the redemption of \$315,779 principal amount of 10.875% senior notes that mature in 2025 issued by CSC Holdings, an indirect wholly-owned subsidiary of the Company, and the related call premium of approximately \$34,341.

The following organizational transactions were consummated prior to the IPO:

- the Company amended and restated its certificate of incorporation to, among other things, provide for Class A common stock, Class B common stock and Class C common stock;
- BC Partners LLP ("BCP") and Canada Pension Plan Investment Board ("CPPIB" and together with BCP, the "Co-Investors") and Uppernext S.C.S.p. ("Uppernext"), an entity controlled by Mr. Patrick Drahi (founder and controlling stockholder of Altice N.V.), exchanged their indirect ownership interest in the Company for shares of the Company's common stock;
- Neptune Management LP ("Management LP") redeemed its Class B units for shares of the Company's common stock that it received from the redemption of its Class B units in Neptune Holding US LP;
- the Company converted \$525,000 aggregate principal amount of notes issued by the Company to the Co-Investors (together with accrued and unpaid interest and applicable premium) into shares of the Company's common stock at the IPO price (see Note 9 for further details);
- \$1,225,000 aggregate principal amount of notes issued by the Company to a subsidiary of Altice N.V. (together

(Unaudited)

with accrued and unpaid interest and applicable premium) was transferred to CVC 3 B.V., an indirect subsidiary of Altice N.V. ("CVC 3") and then the Company converted such notes into shares of the Company's common stock at the IPO price (see Note 9 for further details);

- the Co-Investors, Neptune Holding US LP, A4 S.A. (an entity controlled by the family of Mr. Drahi), and former Class B unitholders of Management LP (including Uppernext) exchanged shares of the Company's common stock for new shares of the Company's Class A common stock; and
- CVC 3 and A4 S.A. exchanged shares of the Company's common stock for new shares of the Company's Class B common stock.

Acquisition of Cablevision Systems Corporation

On June 21, 2016 (the "Cablevision Acquisition Date"), pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), dated as of September 16, 2015, by and among Cablevision, Altice N.V., Neptune Merger Sub Corp., a wholly-owned subsidiary of Altice N.V. ("Merger Sub"), Merger Sub merged with and into Cablevision, with Cablevision surviving the merger (the "Cablevision Acquisition").

In connection with the Cablevision Acquisition, each outstanding share of the Cablevision NY Group Class A common stock, par value \$0.01 per share ("CNYG Class A Shares"), and Cablevision NY Group Class B common stock, par value \$0.01 per share ("CNYG Class B Shares", and together with the CNYG Class A Shares, the "Shares"), and together with the Cablevision NY Group Class A common stock, the "Shares" other than Shares owned by Cablevision, Altice N.V. or any of their respective wholly-owned subsidiaries, in each case not held on behalf of third parties in a fiduciary capacity, received \$34.90 in cash without interest, less applicable tax withholdings (the "Cablevision Acquisition Consideration").

Pursuant to an agreement, dated December 21, 2015, by and among CVC 2 B.V., CIE Management IX Limited, for and on behalf of the limited partnerships BC European Capital IX-1 through 11 and Canada Pension Plan Investment Board, certain affiliates of BCP and CPPIB (the "Co-Investors") funded approximately \$1,000,000 toward the payment of the aggregate Per Share Cablevision Acquisition Consideration, and indirectly acquired approximately 30% of the Shares of Cablevision.

Also in connection with the Cablevision Acquisition, outstanding equity-based awards granted under Cablevision's equity plans were cancelled and converted into cash based upon the \$34.90 per Share Cablevision Acquisition Consideration in accordance with the original terms of the awards. The total consideration for the outstanding CNYG Class A Shares, the outstanding CNYG Class B Shares, and the equity-based awards amounted to \$9,958,323.

In connection with the Cablevision Acquisition, in October 2015, Neptune Finco Corp. ("Finco"), an indirect wholly-owned subsidiary of Altice N.V. formed to complete the financing described herein and the merger with CSC Holdings, LLC ("CSC Holdings"), a wholly-owned subsidiary of Cablevision, borrowed an aggregate principal amount of \$3,800,000 under a term loan facility (the "Term Credit Facility") and entered into revolving loan commitments in an aggregate principal amount of \$2,000,000 (the "Revolving Credit Facility" and, together with the Term Credit Facility, the "Credit Facilities").

Finco also issued \$1,800,000 aggregate principal amount of 10.125% senior notes due 2023 (the "2023 Notes"), \$2,000,000 aggregate principal amount of 10.875% senior notes due 2025 (the "2025 Notes"), and \$1,000,000 aggregate principal amount of 6.625% senior guaranteed notes due 2025 (the "2025 Guaranteed Notes") (collectively the "Cablevision Acquisition Notes").

On June 21, 2016, immediately following the Cablevision Acquisition, Finco merged with and into CSC Holdings, with CSC Holdings surviving the merger (the "CSC Holdings Merger"), and the Cablevision Acquisition Notes and the Credit Facilities became obligations of CSC Holdings.

On June 21, 2016, in connection with the Cablevision Acquisition, the Company issued notes payable to affiliates and related parties aggregating \$1,750,000, of which \$875,000 bear interest at 10.75% and \$875,000 bear interest at 11%. See Note 9 for a discussion regarding the conversion of these notes payable to shares of the Company's common stock prior to the consummation of the IPO.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

The Cablevision Acquisition was accounted for as a business combination in accordance with ASC Topic 805. Accordingly, the Company stepped up 100% of the assets and liabilities assumed to their fair value at the Cablevision Acquisition Date. See Note 3 for further details.

Acquisition of Cequel Corporation

On December 21, 2015, Altice N.V., through a subsidiary, acquired approximately 70% of the total outstanding equity interests in Cequel (the "Cequel Acquisition") from the direct and indirect stockholders of Cequel Corporation (the "Sellers"). The consideration for the acquired equity interests, which was based on a total equity valuation for 100% of the capital and voting rights of Cequel, was \$3,973,528, including \$2,797,928 of cash consideration, \$675,600 of retained equity held by entities affiliated with BC Partners and CPPIB and \$500,000 funded by the issuance by an affiliate of Altice N.V. of a senior vendor note that was subscribed by entities affiliated with BC Partners and CPPIB. Following the closing of the Cequel Acquisition, entities affiliated with BC Partners and CPPIB retained a 30% equity interest in a parent entity of the Company. In addition, the carried interest plans of the stockholders were cashed out whereby payments were made to participants in such carried interest plans, including certain officers and directors of Cequel.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") and with the instructions to Form 10-Q and Article 10 of Regulation S-X for interim financial information. Accordingly, these financial statements do not include all the information and notes required for complete annual financial statements.

The interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2016 included in the Company's final prospectus dated June 21, 2017 and filed with the Securities and Exchange Commission ("SEC") in accordance with Rule 424(b) of the Securities Act of 1933, as amended (the "Securities Act") on June 23, 2017 (the "Prospectus").

The financial statements presented in this report are unaudited; however, in the opinion of management, such financial statements include all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the results for the periods presented.

The results of operations for the interim periods are not necessarily indicative of the results that might be expected for future interim periods or for the full year ending December 31, 2017.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncement

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-09, Compensation—Stock Compensation: Improvements to Employee Share-Based Payment Accounting, which provides simplification of income tax accounting for share-based payment awards. The new guidance became effective for the Company on January 1, 2017. Amendments related to the timing of when excess tax benefits are recognized, minimum statutory withholding requirements, forfeitures, and intrinsic value will be applied using the modified retrospective transition method. Amendments requiring recognition of excess tax benefits and tax deficiencies in the income statement and the practical expedient for estimating expected term were applied prospectively. The Company elected to apply the amendments related to the presentation of excess tax benefits on the statement of cash flows using the prospective transition method. In connection with the adoption on January 1, 2017, a deferred tax asset of approximately \$308,231 for previously unrealized excess tax benefits was recognized with the offset recorded to accumulated deficit.

Recently Issued But Not Yet Adopted Accounting Pronouncements

In May 2017, the FASB issued ASU No. 2017-09, Compensation- Stock Compensation (Topic 718). ASU No. 2017-09 provides clarity and guidance on which changes to the terms or conditions of a share-based payment award require an

(Unaudited)

entity to apply modification accounting in Topic 718. ASU No. 2017-09 becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied prospectively.

In March 2017, the FASB issued ASU No. 2017-07 Compensation-Retirement Benefits (Topic 715). ASU No. 2017-07 requires that an employer disaggregate the service cost component from the other components of net benefit cost. It also provides guidance on how to present the service cost component and the other components of net benefit cost in the income statement and what component of net benefit cost is eligible for capitalization. ASU No. 2017-07 becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied retrospectively. The Company has not yet completed the evaluation of the effect that ASU No. 2017-07 will have on its consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles-Goodwill and Other (Topic 350). ASU No. 2017-04 simplifies the subsequent measurement of goodwill by removing the second step of the two-step impairment test. The amendment requires an entity to perform its annual, or interim goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity still has the option to perform the qualitative assessment for a reporting unit to determine if the quantitative impairment test is necessary. ASU No. 2017-04 becomes effective for the Company on January 1, 2020 with early adoption permitted and will be applied prospectively.

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805), Clarifying the Definition of a Business, which amends Topic 805 to interpret the definition of a business by adding guidance to assist in evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The new guidance becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied prospectively.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments which clarifies how entities should classify certain cash receipts and cash payments on the statement of cash flows. ASU No. 2016-15 also clarifies how the predominance principle should be applied when cash receipts and cash payments have aspects of more than one class of cash flows. The new guidance becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied retrospectively. The Company has not yet completed the evaluation of the effect that ASU No. 2016-15 will have on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases, which increases transparency and comparability by recognizing a lessee's rights and obligations resulting from leases by recording them on the balance sheet as lease assets and lease liabilities. The new guidance becomes effective for the Company on January 1, 2019 with early adoption permitted and will be applied using the modified retrospective method. The Company has not yet completed the evaluation of the effect that ASU No. 2016-02 will have on its consolidated financial statements.

In January 2016, the FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10), Recognition and Measurement of Financial Assets and Financial Liabilities. ASU No. 2016-01 modifies how entities measure certain equity investments and also modifies the recognition of changes in the fair value of financial liabilities measured under the fair value option. Entities will be required to measure equity investments that do not result in consolidation and are not accounted for under the equity method at fair value and recognize any changes in fair value in net income. For financial liabilities measured using the fair value option, entities will be required to record changes in fair value caused by a change in instrument-specific credit risk (own credit risk) separately in other comprehensive income. ASU No. 2016-01 becomes effective for the Company on January 1, 2018. The Company has not yet completed the evaluation of the effect that ASU No. 2016-01 will have on its consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU No. 2014-09 will replace most existing revenue recognition guidance in GAAP when it becomes effective and allows the use of either the retrospective or cumulative effect transition method. In August 2015, the FASB issued ASU No. 2015-14 that approved deferring the effective date by one year so that ASU No. 2014-09 would become effective for the Company on January 1, 2018. The FASB also approved, in July 2015, permitting the early adoption of ASU No. 2014-09, but not before the original effective date for the Company of January 1, 2017.

In December 2016, the FASB issued ASU No. 2016-20, Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers, in order to clarify the Codification and to correct any unintended application of the guidance. These items are not expected to have a significant effect on the current accounting standard. The amendments

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

in this update affect the guidance in ASU No. 2014-09, which is not yet effective. ASU No. 2014-09 will be effective January 1, 2018 for the Company, reflecting the one-year deferral. Early adoption of the standard is permitted but not before the original effective date. Companies can transition to the standard either retrospectively or as a cumulative-effect adjustment as of the date of adoption. The Company is in the process of evaluating the impact that the adoption of ASU No. 2014-09 will have on its consolidated financial statements and selecting the method of transition to the new standard. The Company currently expects the adoption to impact the timing of the recognition of residential installation revenue and the recognition of commission expenses.

Reclassifications

Certain reclassifications have been made to the 2016 financial statements to conform to the 2017 presentation.

NOTE 3. BUSINESS COMBINATIONS

Cablevision Acquisition

As discussed in Note 1, the Company completed the Cablevision Acquisition on June 21, 2016. The acquisition was accounted for as a business combination in accordance with ASC Topic 805. Accordingly, the Company recorded the fair value of the assets and liabilities assumed at the date of acquisition.

The following table provides the allocation of the total purchase price of \$9,958,323 to the identifiable tangible and intangible assets and liabilities of Cablevision based on their respective fair values. The remaining useful lives represent the period over which acquired tangible and intangible assets with a finite life are being depreciated or amortized.

	<u>Fair Values</u>	<u>Estimated Useful Lives</u>
Current assets	\$ 1,923,071	
Accounts receivable	271,305	
Property, plant and equipment	4,864,621	2-18 years
Goodwill	5,842,172	
Indefinite-lived cable television franchises	8,113,575	Indefinite-lived
Customer relationships	4,850,000	8 to 18 years
Trade names (a)	1,010,000	12 years
Amortizable intangible assets	23,296	1-15 years
Other non-current assets	748,998	
Current liabilities	(2,311,201)	
Long-term debt	(8,355,386)	
Deferred income taxes.	(6,832,773)	
Other non-current liabilities	(189,355)	
Total	<u>\$ 9,958,323</u>	

(a) See Note 8 for additional information regarding a change in the remaining estimated useful lives of the Company's trade names.

The fair value of customer relationships and cable television franchises were valued using derivations of the "income" approach. The future expected earnings from these assets were discounted to their present value equivalent.

Trade names were valued using the relief from royalty method, which is based on the present value of the royalty payments avoided as a result of the company owning the intangible asset.

The basis for the valuation methods was the Company's projections. These projections were based on management's assumptions including among others, penetration rates for video, high speed data, and voice; revenue growth rates; operating margins; and capital expenditures. The assumptions are derived based on the Company's and its peers' historical operating performance adjusted for current and expected competitive and economic factors surrounding the cable industry. The discount rates used in the analysis are intended to reflect the risk inherent in the projected future cash

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

flows generated by the respective intangible asset. The value is highly dependent on the achievement of the future financial results contemplated in the projections. The estimates and assumptions made in the valuation are inherently subject to significant uncertainties, many of which are beyond the Company's control, and there is no assurance that these results can be achieved. The primary assumptions for which there is a reasonable possibility of the occurrence of a variation that would have significantly affected the value include the assumptions regarding revenue growth, programming expense growth rates, the amount and timing of capital expenditures and the discount rate utilized.

In establishing fair value for the vast majority of the acquired property, plant and equipment, the cost approach was utilized. The cost approach considers the amount required to replace an asset by constructing or purchasing a new asset with similar utility, then adjusts the value in consideration of physical depreciation, and functional and economic obsolescence as of the appraisal date. The cost approach relies on management's assumptions regarding current material and labor costs required to rebuild and repurchase significant components of our property, plant and equipment along with assumptions regarding the age and estimated useful lives of our property, plant and equipment.

The estimates of expected useful lives take into consideration the effects of contractual relationships, customer attrition, eventual development of new technologies and market competition.

Long-term debt assumed was valued using quoted market prices (Level 2). The carrying value of most other assets and liabilities approximated fair value as of the acquisition date.

As a result of applying business combination accounting, the Company recorded goodwill, which represented the excess of organization value over amounts assigned to the other identifiable tangible and intangible assets arising from expectations of future operational performance and cash generation.

The following table presents the unaudited pro forma revenue and net loss for the period presented as if the Cablevision Acquisition had occurred on January 1, 2016:

	Nine Months Ended September 30, 2016
Revenue	\$ 6,848,916
Net loss	\$ (527,851)

The pro forma results presented above include the impact of additional amortization expense related to the identifiable intangible assets recorded in connection with the Cablevision Acquisition, additional depreciation expense related to the fair value adjustment to property, plant and equipment and the incremental interest resulting from the issuance of debt to fund the Cablevision Acquisition, net of the reversal of interest and amortization of deferred financing costs related to credit facilities that were repaid on the date of the Cablevision Acquisition and the accretion/amortization of fair value adjustments associated with the long-term debt acquired.

Acquisition

In connection with the acquisition of an entity in the first quarter of 2017, the Company recorded amortizable intangibles of \$45,000 relating to customer relationships and \$9,400 relating to other amortizable intangibles. The Company recorded goodwill of \$20,687, which represents the excess of the purchase price of approximately \$75,000 over the net book value of assets acquired. These values are based on preliminary fair value information currently available, which is subject to change within the measurement period (up to one year from the acquisition date). The acquired entity is included in the Cablevision segment.

NOTE 4. NET LOSS PER SHARE ATTRIBUTABLE TO STOCKHOLDERS

Basic and diluted net loss per common share attributable to Altice USA stockholders is computed by dividing net loss attributable to Altice USA stockholders by the weighted average number of common shares outstanding during the period. Diluted net loss per common share attributable to Altice USA stockholders excludes the effects of common stock equivalents as they are anti-dilutive. The basic weighted average number of shares used to compute basic and diluted net loss per share reflect the retroactive impact of the organizational transactions, discussed in Note 1, that occurred prior to the Company's IPO and the shares of common stock issued pursuant to the Company's IPO.

NOTE 5. GROSS VERSUS NET REVENUE RECOGNITION

In the normal course of business, the Company is assessed non-income related taxes by governmental authorities, including franchising authorities (generally under multi-year agreements), and collects such taxes from its customers. The Company's policy is that, in instances where the tax is being assessed directly on the Company, amounts paid to the governmental authorities and amounts received from the customers are recorded on a gross basis. That is, amounts paid to the governmental authorities are recorded as programming and other direct costs and amounts received from the customer are recorded as revenue. For the three and nine months ended September 30, 2017, the amount of franchise fees and certain other taxes and fees included as a component of revenue aggregated \$64,254 and \$194,045, respectively. For the three and nine months ended September 30, 2016, the amount of franchise fees and certain other taxes and fees included as a component of revenue aggregated \$62,249 and \$92,146, respectively.

NOTE 6. SUPPLEMENTAL CASH FLOW INFORMATION

The Company considers the balance of its investment in funds that substantially hold securities that mature within three months or less from the date the fund purchases these securities to be cash equivalents. The carrying amount of cash and cash equivalents either approximates fair value due to the short-term maturity of these instruments or are at fair value.

The Company's non-cash investing and financing activities and other supplemental data were as follows:

	Nine Months Ended September 30,	
	2017	2016
<u>Non-Cash Investing and Financing Activities:</u>		
<i>Continuing Operations:</i>		
Conversion of notes payable to affiliates and related parties of \$1,750,000 (together with accrued and unpaid interest and applicable premium) to common stock (See Note 9)	\$ 2,264,252	\$ —

NOTE 7. RESTRUCTURING COSTS AND OTHER EXPENSE

Restructuring

Beginning in the first quarter of 2016, the Company commenced its restructuring initiatives (the "2016 Restructuring Plan") that are intended to simplify the Company's organizational structure.

The following table summarizes the activity for the 2016 Restructuring Plan during 2017:

	Severance and Other Employee Related Costs	Facility Realignment and Other Costs	Total
Accrual balance at December 31, 2016	\$ 102,119	\$ 8,397	\$ 110,516
Restructuring charges	140,071	1,007	141,078
Payments and other	(92,905)	(3,833)	(96,738)
Accrual balance at September 30, 2017	\$ 149,285	\$ 5,571	\$ 154,856

The Company recorded restructuring charges of \$44,656 and \$141,818 for the three and nine months ended September 30, 2016, respectively, relating to the 2016 Restructuring Plan.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

Cumulative costs to date relating to the 2016 Restructuring Plan amounted to \$302,870 and \$64,784 for our Cablevision segment and Cequel segments, respectively.

Transaction Costs

For the three and nine months ended September 30, 2017, the Company incurred transaction costs of \$1,367 and \$1,687 related to the acquisition of a business during the first quarter of 2017 and other transactions. For the three and nine months ended September 30, 2016, the Company incurred transaction costs of \$3,177 and \$13,285, respectively, related to the acquisitions of Cablevision and Suddenlink.

NOTE 8. INTANGIBLE ASSETS

The following table summarizes information relating to the Company's acquired intangible assets as of September 30, 2017:

	Amortizable Intangible Assets			
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Estimated Useful Lives
Customer relationships	\$ 5,970,884	(1,207,217)	\$ 4,763,667	8 to 18 years
Trade names (a)	1,067,083	(432,402)	634,681	2 to 4 years
Other amortizable intangibles	37,052	(8,805)	28,247	1 to 15 years
	<u>\$ 7,075,019</u>	<u>\$ (1,648,424)</u>	<u>\$ 5,426,595</u>	

(a) On May 23, 2017, Altice N.V. announced the adoption of a global brand which will replace the Company's brands in the future, reducing the remaining useful lives of these trade name intangibles. The Company has estimated the remaining useful lives to be 3 years from the date of the adoption, which reflects one year as an in-use asset and two years as a defensive asset. Amortization expense is calculated on an accelerated basis based on the Company's estimate of the intangible asset during the in-use period. The remaining estimated value of the defensive asset once it is no longer in use will be amortized over the defensive period. Estimated amortization expense related to the Optimum and Lightpath trade names are approximately \$545,805 for 2017 (of which \$334,312 has been expensed through September 30, 2017), \$355,006 for 2018, \$46,627 for 2019 and \$18,140 through May 2020.

Amortization expense for the three and nine months ended September 30, 2017 aggregated \$426,419, and \$981,657, respectively, and for the three and nine months ended September 30, 2016 aggregated \$258,670 and \$402,994, respectively.

The following table summarizes information relating to the Company's acquired indefinite-lived intangible assets as of September 30, 2017:

	Cablevision	Cequel	Total
Cable television franchises	\$ 8,113,575	\$ 4,906,506	\$ 13,020,081
Goodwill	5,839,757	2,153,742	7,993,499

NOTE 9. DEBT

CSC Holdings Credit Facilities

In connection with the Cablevision Acquisition, in October 2015, Finco, a wholly-owned subsidiary of the Company, which merged with and into CSC Holdings on June 21, 2016, entered into a senior secured credit facility, which currently provides U.S. dollar term loans currently in an aggregate principal amount of \$3,000,000 (\$2,992,500 outstanding at September 30, 2017) (the “CVC Term Loan Facility”, and the term loans extended under the CVC Term Loan Facility, the “CVC Term Loans”) and U.S. dollar revolving loan commitments in an aggregate principal amount of \$2,300,000 (the “CVC Revolving Credit Facility” and, together with the Term Loan Facility, the “CVC Credit Facilities”), which are governed by a credit facilities agreement entered into by, *inter alios*, CSC Holdings, certain lenders party thereto and JPMorgan Chase Bank, N.A. as administrative agent and security agent (as amended, restated, supplemented or otherwise modified on June 20, 2016, June 21, 2016, July 21, 2016, September 9, 2016, December 9, 2016 and March 15, 2017, respectively, and as further amended, restated, supplemented or otherwise modified from time to time, the “CVC Credit Facilities Agreement”).

The amendment to the CVC Credit Facilities Agreement entered into on March 15, 2017 (“Extension Amendment”) increased the Term Loan by \$500,000 to \$3,000,000 and the maturity date for this facility was extended to July 17, 2025. The closing of the Extension Amendment occurred in April 2017 and the proceeds were used to refinance the entire \$2,493,750 principal amount of existing Term Loans and redeem \$500,000 of the 8.625% Senior Notes due September 2017 issued by Cablevision. In connection with the Extension Amendment and the redemption of the senior notes, the Company recorded a loss on extinguishment of debt and write-off of deferred financing costs aggregating \$18,976.

During the nine months ended September 30, 2017, CSC Holdings borrowed \$1,350,000 under its revolving credit facility (\$500,000 was used to make cash distributions to its stockholders) and made voluntary repayments aggregating \$350,256 with cash on hand. In October 2017, CSC Holdings made a voluntary repayment under its revolving credit facility of \$50,000. This amount was reclassified from long term debt to current debt on the consolidated balance sheet as of September 30, 2017.

Under the Extension Amendment, the Company is required to make scheduled quarterly payments equal to 0.25% (or \$7,500) of the principal amount of the Term Loan, with the remaining balance scheduled to be paid on July 17, 2025, beginning with the fiscal quarter ended September 30, 2017.

The CVC Credit Facilities permit CSC Holdings to request revolving loans, swing line loans or letters of credit from the revolving lenders, swingline lenders or issuing banks, as applicable, thereunder, from time to time prior to November 30, 2021, unless the commitments under the CVC Revolving Credit Facility have been previously terminated.

Loans comprising each eurodollar borrowing or alternate base rate borrowing, as applicable, bear interest at a rate per annum equal to the adjusted LIBO rate or the alternate base rate, as applicable, plus the applicable margin, where the applicable margin is:

- in respect of the CVC Term Loans, (i) with respect to any alternate base rate loan, 1.25% per annum and (ii) with respect to any eurodollar loan, 2.25% per annum, and
- in respect of the CVC Revolving Credit Facility loans (i) with respect to any alternate base rate loan, 2.25% per annum and (ii) with respect to any eurodollar loan, 3.25% per annum.

The CVC Credit Facilities Agreement requires the prepayment of outstanding CVC Term Loans, subject to certain exceptions and deductions, with (i) 100% of the net cash proceeds of certain asset sales, subject to reinvestment rights and certain other exceptions; and (ii) commencing with the fiscal year ending December 31, 2017, a pari ratable share (based on the outstanding principal amount of the Term Loans divided by the sum of the outstanding principal amount of all pari passu indebtedness and the Term Loans) of 50% of annual excess cash flow, which will be reduced to 0% if the consolidated net senior secured leverage ratio of CSC Holdings is less than or equal to 4.5 to 1.

The obligations under the CVC Credit Facilities are guaranteed by each restricted subsidiary of CSC Holdings (other than CSC TKR, LLC and its subsidiaries and certain excluded subsidiaries) (the “Initial Guarantors”) and, subject to certain limitations, will be guaranteed by each future material wholly-owned restricted subsidiary of CSC Holdings. The obligations under the CVC Credit Facilities (including any guarantees thereof) are secured on a first priority basis, subject

(Unaudited)

to any liens permitted by the Credit Facilities, by capital stock held by CSC Holdings or any guarantor in certain subsidiaries of CSC Holdings, subject to certain exclusions and limitations.

The CVC Credit Facilities Agreement includes certain negative covenants which, among other things and subject to certain significant exceptions and qualifications, limit CSC Holdings' ability and the ability of its restricted subsidiaries to: (i) incur or guarantee additional indebtedness, (ii) make investments, (iii) create liens, (iv) sell assets and subsidiary stock, (v) pay dividends or make other distributions or repurchase or redeem our capital stock or subordinated debt, (vi) engage in certain transactions with affiliates, (vii) enter into agreements that restrict the payment of dividends by subsidiaries or the repayment of intercompany loans and advances; and (viii) engage in mergers or consolidations. In addition, the CVC Revolving Credit Facility includes a financial maintenance covenant solely for the benefit of the lenders under the CVC Revolving Credit Facility consisting of a maximum consolidated net senior secured leverage ratio of CSC Holdings and its restricted subsidiaries of 5.0 to 1.0. The financial covenant will be tested on the last day of any fiscal quarter, but only if on such day there are outstanding borrowings under the CVC Revolving Credit Facility (including swingline loans but excluding any cash collateralized letters of credit and undrawn letters of credit not to exceed \$15,000).

The CVC Credit Facilities Agreement also contains certain customary representations and warranties, affirmative covenants and events of default (including, among others, an event of default upon a change of control). If an event of default occurs, the lenders under the CVC Credit Facilities will be entitled to take various actions, including the acceleration of amounts due under the CVC Credit Facilities and all actions permitted to be taken by a secured creditor.

CSC Holdings was in compliance with all of its financial covenants under the CVC Credit Facilities as of September 30, 2017.

Cequel Credit Facilities

On June 12, 2015, Altice US Finance I Corporation, an indirect wholly-owned subsidiary of Cequel, entered into a senior secured credit facility which currently provides term loans in an aggregate principal amount of \$1,265,000 (\$1,261,838 outstanding at September 30, 2017) (the "Cequel Term Loan Facility" and the term loans extended under the Cequel Term Loan Facility, the "Cequel Term Loans") and revolving loan commitments in an aggregate principal amount of \$350,000 (the "Cequel Revolving Credit Facility" and, together with the Cequel Term Loan Facility, the "Cequel Credit Facilities") which are governed by a credit facilities agreement entered into by, inter alios, Altice US Finance I Corporation, certain lenders party thereto and JPMorgan Chase Bank, N.A. (as amended, restated, supplemented or otherwise modified on October 25, 2016, December 9, 2016 and March 15, 2017, and as further amended, restated, supplemented or modified from time to time, the "Cequel Credit Facilities Agreement").

The amendment to the Cequel Credit Facilities Agreement entered into on March 15, 2017 ("Cequel Extension Amendment") increased the Term Loan by \$450,000 to \$1,265,000 and the maturity date for this facility was extended to July 28, 2025. The closing of the Extension Amendment occurred in April 2017 and the proceeds were used to refinance the entire \$812,963 principal amount of loans under the Term Loan and redeem \$450,000 of the 6.375% Senior Notes due September 15, 2020. In connection with the Cequel Extension Amendment and the redemption of the senior notes, the Company recorded a loss on extinguishment of debt and write-off of deferred financings costs aggregating \$28,684.

Under the Cequel Extension Amendment, the Company is required to make scheduled quarterly payments equal to 0.25% (or \$3,163) of the principal amount of the Cequel Term Loan, with the remaining balance scheduled to be paid on July 28, 2025, beginning with the fiscal quarter ended September 30, 2017.

Loans comprising each eurodollar borrowing or alternate base rate borrowing, as applicable, bear interest at a rate per annum equal to the adjusted LIBO rate or the alternate base rate, as applicable, plus the applicable margin, where the applicable margin is:

- in respect of the Cequel Term Loans, (i) with respect to any alternate base rate loan, 1.25% per annum and (ii) with respect to any eurodollar loan, 2.25% per annum, and
- in respect of Cequel Revolving Credit Facility loans (i) with respect to any alternate base rate loan, 2.25% per annum and (ii) with respect to any eurodollar loan, 3.25% per annum.

The Cequel Credit Facilities Agreement requires the prepayment of outstanding Term Loans, subject to certain exceptions and deductions, with (i) 100% of the net cash proceeds of certain asset sales, subject to reinvestment rights and certain other exceptions; and (ii) a pari rata share (based on the outstanding principal amount of the Cequel Term Loans divided by the sum of the outstanding principal amount of all pari passu indebtedness and the Cequel Term Loans) of 50% of annual excess cash flow, which will be reduced to 0% if the consolidated net senior secured leverage ratio is less than or equal to 4.5:1.

The debt under the Cequel Credit Facility is secured by a first priority security interest in the capital stock of Suddenlink and substantially all of the present and future assets of Suddenlink and its restricted subsidiaries, and is guaranteed by Cequel Communications Holdings II, LLC, a subsidiary of Cequel (the "Parent Guarantor"), as well as all of Suddenlink's existing and future direct and indirect subsidiaries, subject to certain exceptions set forth in the Cequel Credit Facilities Agreement. The Cequel Credit Facilities Agreement contains customary representations, warranties and affirmative covenants. In addition, the Cequel Credit Facilities Agreement contains restrictive covenants that limit, among other things, the ability of Suddenlink and its subsidiaries to incur indebtedness, create liens, engage in mergers, consolidations and other fundamental changes, make investments or loans, engage in transactions with affiliates, pay dividends, and make acquisitions and dispose of assets. The Cequel Credit Facilities Agreement also contains a maximum senior secured leverage maintenance covenant of 5.0 times EBITDA as defined in the Cequel Credit Facilities Agreement. Additionally, the Cequel Credit Facilities Agreement contains customary events of default, including failure to make payments, breaches of covenants and representations, cross defaults to other indebtedness, unpaid judgments, changes of control and bankruptcy events. The lenders' commitments to fund amounts under the revolving credit facility are subject to certain customary conditions.

As of September 30, 2017, Cequel was in compliance with all of its financial covenants under the Cequel Credit Facilities Agreement.

The following table provides details of the Company's outstanding credit facility debt:

- (e) The Company may redeem some or all of the 2023 Notes at any time on or after January 15, 2019, and some or all of the 2025 Notes and 2025 Guaranteed Notes at any time on or after October 15, 2020, at the redemption prices set forth in the relevant indenture, plus accrued and unpaid interest, if any. The Company may also redeem up to 40% of each series of the Cablevision Acquisition Notes using the proceeds of certain equity offerings before October 15, 2018, at a redemption price equal to 110.125% for the 2023 Notes, 110.875% for the 2025 Notes and 106.625% for the 2025 Guaranteed Notes, in each case plus accrued and unpaid interest. In addition, at any time prior to January 15, 2019, CSC Holdings may redeem some or all of the 2023 Notes, and at any time prior to October 15, 2020, the Company may redeem some or all of the 2025 Notes and the 2025 Guaranteed Notes, at a price equal to 100% of the principal amount thereof, plus a “make whole” premium specified in the relevant indenture plus accrued and unpaid interest.
- (f) The carrying value of the notes was adjusted to reflect their fair value on the Cablevision Acquisition Date (aggregate reduction of \$52,788).
- (g) The 2027 Guaranteed Notes are redeemable at any time on or after April 15, 2022 at the redemption prices set forth in the indenture, plus accrued and unpaid interest, if any. In addition, up to 40% may be redeemed for each series of the 2027 Guaranteed Notes using the proceeds of certain equity offerings before October 15, 2019, at a redemption price equal to 105.500%, plus accrued and unpaid interest.
- (h) Some or all of these notes may be redeemed at any time on or after July 15, 2018, plus accrued and unpaid interest, if any. Up to 40% of the notes may be redeemed using the proceeds of certain equity offerings before July 15, 2018, at a redemption price equal to 105.375%.
- (i) Some or all of these notes may be redeemed at any time on or after July 15, 2020, plus accrued and unpaid interest, if any. Up to 40% of the notes may be redeemed using the proceeds of certain equity offerings before July 15, 2018, at a redemption price equal to 107.750%.
- (j) Some or all of these notes may be redeemed at any time on or after May 15, 2021, plus accrued and unpaid interest, if any. Up to 40% of the notes may be redeemed using the proceeds of certain equity offerings before May 15, 2019, at a redemption price equal to 105.500%.
- (k) In April 2017, the Company redeemed \$500,000 of the senior notes from proceeds from the CVC Term Loan facility. In September 2017, these senior notes matured and the Company repaid the remaining principal balance of \$400,000.
- (l) In July 2017, the Company used approximately \$350,120 of the proceeds from the IPO to fund the redemption of \$315,779 principal amount of CSC Holdings senior notes due October 2025 and the related call premium of approximately \$34,341 which was recorded as a loss on extinguishment of debt. The Company also recorded a write-off of deferred financings costs in connection with this redemption aggregating \$4,516.
- (m) In April 2017, the Company redeemed \$450,000 of the senior notes from proceeds from the Cequel Term Loan facility.

The indentures under which the senior notes and debentures were issued contain various covenants. The Company was in compliance with all of its financial covenants under these indentures as of September 30, 2017.

Notes Payable to Affiliates and Related Parties

On June 21, 2016, in connection with the Cablevision Acquisition, the Company issued notes payable to affiliates and related parties aggregating \$1,750,000, of which \$875,000 bore interest at 10.75% and matured on December 20, 2023 and \$875,000 bore interest at 11% and matured on December 20, 2024.

As discussed in Note 1, in connection with the Company's IPO, the Company converted the notes payable to affiliates and related parties (together with accrued and unpaid interest of \$529 and applicable premium of \$513,723) into shares of the Company's common stock at the IPO price. The premium was recorded as a loss on extinguishment of debt on the Company's statement of operations for the nine months ended September 30, 2017. In connection with the conversion of the notes, the Company recorded a credit to paid in capital of \$2,264,252.

For the nine months ended September 30, 2017, the Company recognized \$90,405 of interest expense related to these notes prior to their conversion.

NOTE 10. DERIVATIVE CONTRACTS AND COLLATERALIZED INDEBTEDNESS

Prepaid Forward Contracts

The Company has entered into various transactions to limit the exposure against equity price risk on its shares of Comcast Corporation ("Comcast") common stock. The Company has monetized all of its stock holdings in Comcast through the execution of prepaid forward contracts, collateralized by an equivalent amount of the respective underlying stock. At maturity, the contracts provide for the option to deliver cash or shares of Comcast stock with a value determined by reference to the applicable stock price at maturity. These contracts, at maturity, are expected to offset declines in the fair value of these securities below the hedge price per share while allowing the Company to retain upside appreciation from the hedge price per share to the relevant cap price.

The Company received cash proceeds upon execution of the prepaid forward contracts discussed above which has been reflected as collateralized indebtedness in the accompanying consolidated balance sheets. In addition, the Company separately accounts for the equity derivative component of the prepaid forward contracts. These equity derivatives have not been designated as hedges for accounting purposes. Therefore, the net fair values of the equity derivatives have been reflected in the accompanying consolidated balance sheets as an asset or liability and the net increases or decreases in the fair value of the equity derivative component of the prepaid forward contracts are included in gain (loss) on derivative contracts in the accompanying consolidated statements of operations.

All of the Company's monetization transactions are obligations of its wholly-owned subsidiaries that are not part of the Restricted Group; however, CSC Holdings has provided guarantees of the subsidiaries' ongoing contract payment expense obligations and potential payments that could be due as a result of an early termination event (as defined in the agreements). If any one of these contracts were terminated prior to its scheduled maturity date, the Company would be obligated to repay the fair value of the collateralized indebtedness less the sum of the fair values of the underlying stock and equity collar, calculated at the termination date. As of September 30, 2017, the Company did not have an early termination shortfall relating to any of these contracts.

The Company monitors the financial institutions that are counterparties to its equity derivative contracts. All of the counterparties to such transactions carry investment grade credit ratings as of September 30, 2017.

Put/Call Options

In the third quarter of 2017, the Company entered into a put-call contract that expires in the third quarter of 2018 whereby the Company sold a put option and purchased a call option with the same strike price. In connection with this transaction, the Company provided cash collateral of approximately \$45,000 at September 30, 2017, which reflects the aggregate difference between the strike price and the closing price of the underlying shares and is reflected as restricted cash in our consolidated balance sheet. The fair value of the put-call contract of \$48,326 as of September 30, 2017 is reflected in liabilities under derivative contracts on the Company's balance sheet. For the three months ended September 30, 2017, \$72,365 was recorded in the statement of operations as a loss on derivative contracts which reflected a change in the fair value of the put-call contract of \$48,326 and a realized loss on the settlement of certain put-call options of \$24,039. In October 2017, the Company settled the remaining put-call options and recognized an incremental loss of approximately \$25,000.

Interest Rate Swap Contracts

In June 2016, the Company entered into two fixed to floating interest rate swap contracts. One fixed to floating interest rate swap is converting \$750,000 from a fixed rate of 1.6655% to six-month LIBO rate and a second tranche of \$750,000 from a fixed rate of 1.68% to six-month LIBO rate. The objective of these swaps is to cover the exposure of the 2026 Senior Secured Notes issued by Cequel to changes in the market interest rate. These swap contracts were not designated as hedges for accounting purposes. Accordingly, the changes in the fair value of these interest rate swap contracts are recorded through the statements of operations.

The Company does not hold or issue derivative instruments for trading or speculative purposes.

The following represents the location of the assets and liabilities associated with the Company's derivative instruments within the consolidated balance sheets:

Gain (loss) related to the Company's derivative contracts related to the Comcast common stock for the three and nine months ended September 30, 2017 of \$55,602 and \$(81,905), respectively, are reflected in gain (loss) on derivative contracts, net in the Company's consolidated statement of operations.

For the three and nine months ended September 30, 2017, the Company recorded a gain (loss) on investments of \$(18,900) and \$169,888, respectively, representing the net increase (decrease) in the fair values of the investment securities pledged as collateral.

For the three and nine months ended September 30, 2017, the Company recorded a gain on interest rate swap contracts of \$1,051 and \$12,539, respectively.

Settlements of Collateralized Indebtedness

The following table summarizes the settlement of the Company's collateralized indebtedness relating to Comcast shares that were settled by delivering cash equal to the collateralized loan value, net of the value of the related equity derivative contracts during the nine months ended September 30, 2017:

Number of shares (a)	21,477,618
Collateralized indebtedness settled	\$ (617,151)
Derivatives contracts settled	(37,838)
	(654,989)
Proceeds from new monetization contracts	662,724
Net cash proceeds	<u>\$ 7,735</u>

(a) Share amounts are adjusted for the 2 for 1 stock split in February 2017.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

The cash to settle the collateralized indebtedness was obtained from the proceeds of new monetization contracts covering an equivalent number of Comcast shares. The terms of the new contracts allow the Company to retain upside participation in Comcast shares up to each respective contract's upside appreciation limit with downside exposure limited to the respective hedge price.

In April 2017, the Company entered into new monetization contracts related to 32,153,118 shares of Comcast common stock held by Cablevision, which synthetically reversed the existing contracts related to these shares (the "Synthetic Monetization Closeout"). As the existing collateralized debt matures, the Company will settle the contracts with proceeds received from the new monetization contracts. The new monetization contracts mature on April 28, 2021. The new monetization contracts provide the Company with downside protection below the hedge price of \$35.47 and upside benefit of stock price appreciation up to \$44.72 per share. In connection with the execution of these contracts, the Company recorded (i) the fair value of the equity derivative contracts of \$64,793 (in a net asset position), (ii) notes payable of \$111,657, representing the fair value of the existing equity derivative contracts, in a liability position, and (iii) a discount on notes payable of \$46,864.

NOTE 11. FAIR VALUE MEASUREMENT

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable. Observable inputs reflect assumptions market participants would use in pricing an asset or liability based on market data obtained from independent sources while unobservable inputs reflect a reporting entity's pricing based upon their own market assumptions. The fair value hierarchy consists of the following three levels:

- Level I - Quoted prices for identical instruments in active markets.
- Level II - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.
- Level III - Instruments whose significant value drivers are unobservable.

The following table presents for each of these hierarchy levels, the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis:

	Fair Value Hierarchy	September 30, 2017	December 31, 2016
Assets:			
Money market funds (of which \$14,700 is classified as restricted cash as of December 31, 2016)	Level I	\$ 65,801	\$ 100,139
Investment securities pledged as collateral	Level I	1,652,917	1,483,030
Prepaid forward contracts	Level II	54,578	10,956
Liabilities:			
Prepaid forward contracts	Level II	107,066	13,158
Put/Call Options	Level II	48,326	—
Interest rate swap contracts	Level II	69,271	78,823
Contingent consideration related to 2017 acquisition	Level III	30,000	—

The Company's cash equivalents, investment securities and investment securities pledged as collateral are classified within Level I of the fair value hierarchy because they are valued using quoted market prices.

The Company's derivative contracts and liabilities under derivative contracts on the Company's balance sheets are valued using market-based inputs to valuation models. These valuation models require a variety of inputs, including contractual terms, market prices, yield curves, and measures of volatility. When appropriate, valuations are adjusted for various factors such as liquidity, bid/offer spreads and credit risk considerations. Such adjustments are generally based on available market evidence. Since model inputs can generally be verified and do not involve significant management judgment, the Company has concluded that these instruments should be classified within Level II of the fair value hierarchy.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

The fair value of the contingent consideration related to the acquisition in the first quarter of 2017 was estimated based on a probability assessment of attaining the targets. The estimated amount recorded as of September 30, 2017 is the full contractual amount.

Fair Value of Financial Instruments

The following methods and assumptions were used to estimate fair value of each class of financial instruments for which it is practicable to estimate:

Credit Facility Debt, Collateralized Indebtedness, Senior Notes and Debentures, Senior Secured Notes, Senior Guaranteed Notes, Notes Payable to Affiliates and Related Parties and Notes Payable

The fair values of each of the Company's debt instruments are based on quoted market prices for the same or similar issues or on the current rates offered to the Company for instruments of the same remaining maturities. The fair value of notes payable is based primarily on the present value of the remaining payments discounted at the borrowing cost.

The carrying values, estimated fair values, and classification under the fair value hierarchy of the Company's financial instruments, excluding those that are carried at fair value in the accompanying consolidated balance sheets, are summarized as follows:

	Fair Value Hierarchy	September 30, 2017		December 31, 2016	
		Carrying Amount (a)	Estimated Fair Value	Carrying Amount (a)	Estimated Fair Value
Altice USA debt instruments:					
Notes payable to affiliates and related parties	Level II	\$ —	\$ —	\$ 1,750,000	\$ 1,837,876

Notes payable	Level II	3,083	3,083	—	—
		<u>\$ 22,624,390</u>	<u>\$ 24,454,656</u>	<u>\$ 24,001,910</u>	<u>\$ 25,896,046</u>

(a) Amounts are net of unamortized deferred financing costs and discounts.

The fair value estimates related to the Company's debt instruments presented above are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgments and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

NOTE 12. INCOME TAXES

In general, the Company is required to use an estimated annual effective tax rate to measure the income tax expense or benefit recognized in an interim period. The estimated annual effective tax rate is revised on a quarterly basis and therefore may be different from the rate used in a prior interim period. In addition, certain items included in income tax expense as well as the tax impact of certain items included in pretax income from continuing operations must be treated as discrete items. The income tax expense or benefit associated with these discrete items is fully recognized in the interim period in which the items occur.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

The Company recorded income tax benefit of \$134,688 and \$429,664 for the three and nine months ended September 30, 2017, respectively, reflecting an effective tax rate of 43% and 37%, respectively. Nondeductible share-based compensation expense for the three and nine months ended September 30, 2017 reduced income tax benefit by \$6,002 and \$16,373, respectively.

The Company recorded income tax benefit of \$118,230 and \$101,332 for the three and nine months ended September 30, 2016, respectively. On June 9, 2016 the common stock of Cequel Corporation was contributed to the Company. On June 21, 2016, the Company completed its acquisition of Cablevision. Accordingly, Cequel and Cablevision joined the federal consolidated and certain state combined income tax returns of the Company. As a result, the applicable tax rate used to measure deferred tax assets and liabilities increased, resulting in a non-cash deferred income tax charge of \$153,660 in the second quarter of 2016. In addition, there was no state income tax benefit on the pre-merger accrued interest at Finco, resulting in additional deferred tax expense of \$2,431 and \$18,542 for the three and nine months ended September 30, 2016, respectively.

On January 1, 2017, the Company adopted ASU 2016-09 using the prospective transition method with respect to the presentation of excess tax benefits in the statement of cash flows. In connection with the adoption, a deferred tax asset of \$308,231 for previously unrealized excess tax benefits related to share-based payment awards was recognized with the offset recorded to accumulated deficit.

As of September 30, 2017, the Company's federal net operating losses ("NOLs") were approximately \$2,674,000. The utilization of certain pre-merger NOLs of Cablevision and Cequel are limited pursuant to Internal Revenue Code Section 382. The Company does not expect such limitations to impact the ability to utilize the NOLs prior to their expiration.

NOTE 13. SHARE BASED COMPENSATION

Certain employees of the Company and its affiliates received awards of units in a carry unit plan of Neptune Management LP, an entity which has an ownership interest in the Company. The awards generally vest as follows: 50% on the second anniversary of June 21, 2016 for Cablevision employees or December 21, 2015 for Cequel employees ("Base Date"), 25% on the third anniversary of the Base Date, and 25% on the fourth anniversary of the Base Date. Neptune Holding US GP LLC, the general partner of Neptune Management LP, has the right to repurchase (or to assign to an affiliate, including the Company, the right to repurchase) vested awards held by employees for sixty days following their termination. For performance-based awards under the plan, vesting occurs upon achievement or satisfaction of a specified performance condition. The Company considered the probability of achieving the established performance targets in determining the share-based compensation with respect to these awards at the end of each reporting period. The carry unit plan has 259,442,785 units authorized for issuance, of which 215,295,834 have been issued to employees of the Company and 11,300,000 have been issued to employees of Altice N.V. and affiliated companies as of September 30, 2017.

Beginning on the fourth anniversary of the Base Date, the holders of carry units have an annual opportunity (a sixty day period determined by the administrator of the plan) to sell their units back to Neptune Holding US GP LLC (or affiliate, including the Company, designated by Neptune Holding US GP LLC). Accordingly, the carry units are presented as temporary equity on the consolidated balance sheets at fair value. Adjustments to fair value at each reporting period are recorded in paid-in capital.

The right of Neptune Holding US GP LLC to assign to an affiliate, including the Company, the right to repurchase an employee's vested units during the sixty-day period following termination, or to satisfy its obligation to repurchase an employee's vested units during annual 60 day periods following the fourth anniversary of the Base Date, may be exercised by Neptune Holding US GP LLC in its discretion at the time a repurchase right or obligation arises. The carry unit plan requires the purchase price payable to the employee or former employee, as the case may be, to be paid in cash, a promissory note (with a term of not more than 3 years and bearing interest at the long-term applicable federal rate under Section 1274(d) of the Internal Revenue Code) or combination thereof, in each case as determined by Neptune Holding US GP LLC in its discretion at the time of the repurchase. Neptune Holding US GP LLC expects that vested units will be redeemed for shares of the Company's Class A common stock upon vesting.

The Company measures the cost of employee services received in exchange for carry units based on the fair value of the award at grant date. For carry unit awards granted in 2016, an option pricing model was used which requires subjective assumptions for which changes in these assumptions could materially affect the fair value of the carry units outstanding.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Dollars in thousands, except share and per share amounts)
(Unaudited)

The time to liquidity event assumption was based on management's judgment. The equity volatility assumption was estimated using the historical weekly volatility of publicly traded comparable companies. The risk-free rate assumed was based on the U.S. Constant Maturity Treasury Rates for a period matching the expected time to liquidity event. The discount for lack of marketability was based on Finnerty's (2012) average-strike put option model.

For carry unit awards granted in the first and second quarter of 2017, the Company estimated the grant date fair value based on the value established in the Company's IPO.

The following table summarizes activity relating to carry units:

	Number of Time Vesting Awards	Number of Performance Based Vesting Awards	Weighted Average Grant Date Fair Value
Balance, December 31, 2016	192,800,000	10,000,000	\$ 0.37
Granted	28,025,000	—	3.14
Forfeited	(4,229,166)	—	0.37
Balance, September 30, 2017	216,595,834	10,000,000	0.71
Awards vested at September 30, 2017	—	—	

The weighted average fair value per unit was \$1.76 and \$3.49 as of December 31, 2016 and September 30, 2017, respectively. For the three and nine months ended September 30, 2017, the Company recognized an expense of \$15,005 and \$40,932 related to the push down of share-based compensation related to the carry unit plan of which approximately \$14,448 and \$39,150 related to units granted to employees of the Company and \$557 and \$1,782 related to employees of Altice N.V. and affiliated companies allocated to the Company.

NOTE 14. AFFILIATE AND RELATED PARTY TRANSACTIONS

Equity Method Investments

In July 2016, the Company completed the sale of a 75% interest in Newsday LLC ("Newsday") to an employee of the Company. The Company retained the remaining 25% ownership interest. Effective July 7, 2016, the operating results of Newsday are no longer consolidated with those of the Company and the Company's 25% interest in the operating results of Newsday is recorded on the equity method.

At September 30, 2017, the Company's 25% investment in Newsday and its 25% interest in i24NEWS, Altice N.V.'s 24/7 international news and current affairs channel aggregated \$1,694 and is included in investments in affiliates on our consolidated balance sheet. The operating results of Newsday and i24NEWS are recorded on the equity basis. For the three and nine months ended September 30, 2017, the Company recorded equity in net loss of Newsday of \$1,034 and \$2,571, respectively, and equity in net loss of i24NEWS of \$541 and \$3,126, respectively.

Affiliate and Related Party Transactions

As the transactions discussed below were conducted between subsidiaries of Altice N.V. under common control and equity method investees, amounts charged for certain services may not have represented amounts that might have been received or incurred if the transactions were based upon arm's length negotiations.

Altice Technical Services US Corp. ("ATS")

ATS is a wholly-owned subsidiary of Altice Technical Services B.V., a 70% owned subsidiary of Altice N.V. ATS was formed to provide network construction and maintenance services and commercial and residential installations, disconnections, and maintenance.

In the second quarter of 2017, the Company entered into an Independent Contractor Agreement with ATS that governs the terms of the services described above. The Company believes the services it receives from ATS will be of higher quality and at a lower cost than the Company could achieve without ATS, including for the construction of our new FTTH network. The Company also entered into a transition services agreement ("TSA") for the use of the Company's resources to provide various overhead functions to ATS, including accounting, legal and human resources and for the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

(Unaudited)

use of certain facilities, vehicles and technician tools during a transitional period that generally ends on December 31, 2017, although the term can be extended on a service-by-service basis. The TSA requires ATS to reimburse the Company for its cost to provide such services.

During the second quarter of 2017, a substantial portion of the Company's technical workforce at the Cablevision segment either accepted employment with ATS or became employees of ATS and ATS commenced operations and began to perform services for the Company. It is anticipated that a substantial portion of the Cequel segment technical workforce will become employees of ATS later in 2017.

From the formation of ATS and up until an equity contribution was made by its parent in June 2017, ATS met the definition of a variable interest entity in accordance with ASC 810-10-15-14. The Company evaluated whether its arrangement under the terms of the Independent Contractor Agreement is a variable interest, whether the Company is the primary beneficiary and whether the Company should consolidate ATS. The Company concluded that it is not the primary beneficiary of ATS because ATS is controlled by its parent, which in turn is controlled by Altice N.V. who has the power to direct the most significant activities of ATS.

As of September 30, 2017, the Company had a prepayment balance of \$11,296 primarily to ATS which is reflected in prepaid expenses and other current assets and \$2,570 which is reflected in other long-term assets on the Company's balance sheet.

The Company reduced goodwill to reflect the preliminary estimate of the historical value of the goodwill associated with the transfer to ATS described above of \$23,101, that has been recorded as a reduction to stockholders' equity.

The following table summarizes the revenue and charges related to services provided to or received from subsidiaries of Altice N.V. and Newsday:

Revenue

The Company recognized revenue in connection with the sale of pay television, broadband and telephony services to ATS and the sale of advertising to Newsday.

Programming and other direct costs

Programming and other direct costs include costs incurred by the Company for the transport and termination of voice and data services provided by a subsidiary of Altice N.V.

Other operating expenses

Other operating expenses includes charges of \$20,030 and \$48,997 from ATS for the three and nine months ended September 30, 2017, respectively, pursuant to the Independent Contractor Agreement, net of charges to ATS pursuant to the TSA, discussed above.

A subsidiary of Altice N.V. provides certain executive services, as well as consulting, advisory and other services, including, prior to the IPO, CEO, CFO and COO services, to the Company. Compensation under the terms of the agreement is an annual fee of \$30,000 to be paid by the Company. Fees associated with this agreement recorded by the Company amounted to approximately \$7,500 and \$22,500, for the three and nine months ended September 30, 2017, respectively, and \$8,056 and \$13,056 for the three and nine months ended September 30, 2016, respectively. As of June 20, 2017, the CEO, CFO and COO became employees of the Company and the agreement was assigned to Altice N.V. by a subsidiary of Altice N.V.

Other operating expenses also include charges for services provided by other subsidiaries of Altice N.V. aggregating \$802 and \$1,766, respectively, net of a credit of \$76 and \$917 for transition services provided to Newsday for the three and nine months ended September 30, 2017, respectively.

Capital Expenditures

Capital expenditures include \$68,636 and \$85,320 (including advance payments related to the FTTH project of \$41,036) for installation and construction activities performed by ATS for the three and nine months ended September 30, 2017, respectively, and \$3,549 and \$12,914, respectively, for equipment purchases and software development services provided by subsidiaries of Altice NV.

The table above does not include notes payable to affiliates and related parties of \$1,750,000 and the related accrued interest of \$102,557 as of December 31, 2016, respectively, which is reflected in accrued interest in the Company's balance sheet. See discussion in Note 9.

In the second quarter of 2017, the Company made cash distributions aggregating \$839,700 to stockholders, \$500,000 of which were funded with proceeds from borrowings under CSC Holdings' revolving credit facility.

NOTE 15. COMMITMENTS AND CONTINGENCIES

Legal Matters

Following expiration of the affiliation agreements for carriage of certain Fox broadcast stations and cable networks on October 16, 2010, News Corporation terminated delivery of the programming feeds to Cablevision, and as a result, those stations and networks were unavailable on Cablevision's cable television systems. On October 30, 2010, Cablevision and Fox reached an agreement on new affiliation agreements for these stations and networks, and carriage was restored. Several purported class action lawsuits alleging breach of contract, unjust enrichment, and consumer fraud and seeking unspecified compensatory damages, punitive damages and attorneys' fees were subsequently filed on behalf of Cablevision's customers seeking recovery for the lack of Fox programming. Those lawsuits were consolidated in an action before the U. S. District Court for the Eastern District of New York, and a consolidated complaint was filed in that court on February 22, 2011. On March 28, 2012, in ruling on Cablevision's motion to dismiss, the Court dismissed all of plaintiffs' claims, except for breach of contract. On March 30, 2014, the Court granted plaintiffs' motion for class certification. The parties have entered into a settlement agreement, which is subject to Court approval. As of December 31, 2016, the Company had an estimated liability associated with a potential settlement totaling \$5,200. During the nine months ended September 30, 2017, the Company recorded an additional liability of \$800. The amount ultimately paid in connection with the proposed settlement could exceed the amount recorded.

In October 2015, the New York Attorney General began an investigation into whether the major Internet Service Providers in New York State deliver advertised Internet speeds. The Company is cooperating with this investigation and is currently in discussions with the New York Attorney General about resolving the investigation as to the Company, which resolution may involve operational and or financial components. While the Company is unable to predict the outcome of the investigation or these discussions, at this time it does not expect that the outcome will have a material adverse effect on its operations, financial conditions or cash flows.

The Company receives notices from third parties and, in some cases, is named as a defendant in certain lawsuits claiming infringement of various patents relating to various aspects of the Company's businesses. In certain of these cases other industry participants are also defendants. In certain of these cases the Company expects that any potential liability would be the responsibility of the Company's equipment vendors pursuant to applicable contractual indemnification provisions. The Company believes that the claims are without merit and intends to defend the actions vigorously, but is unable to predict the outcome of these matters or reasonably estimate a range of possible loss.

In addition to the matters discussed above, the Company is party to various lawsuits, some involving claims for substantial damages. Although the outcome of these other matters cannot be predicted and the impact of the final resolution of these other matters on the Company's results of operations in a particular subsequent reporting period is not known, management does not believe that the resolution of these other lawsuits will have a material adverse effect on the financial position of the Company or the ability of the Company to meet its financial obligations as they become due.

NOTE 16. SEGMENT INFORMATION

The Company classifies its operations into two reportable segments: Cablevision and Cequel. The Company's reportable segments are strategic business units that are managed separately. The Company evaluates segment performance based on several factors, of which the primary financial measure is business segment Adjusted EBITDA, a non-GAAP measure. The Company defines Adjusted EBITDA as net income (loss) excluding income taxes, income (loss) from discontinued operations, non-operating other income or expenses, loss on extinguishment of debt and write-off of deferred financing costs, gain (loss) on interest rate swap contracts, gain (loss) on derivative contracts, gain (loss) on investments, interest

expense (including cash interest expense), interest income, depreciation and amortization (including impairments), share-based compensation expense or benefit, restructuring expense or credits and transaction expenses. The Company has presented the components that reconcile Adjusted EBITDA to operating income, an accepted GAAP measure:

On October 31, 2017, CSC Holdings made a voluntary repayment under its revolving credit facility of \$500,000.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

All dollar amounts, except per customer and per share data, included in the following discussion are presented in thousands.

Overview

Our Business

We deliver broadband, pay television, telephony services, Wi-Fi hotspot access, proprietary content and advertising services to approximately 4.9 million residential and business customers. Our footprint extends across 21 states through a fiber-rich broadband network with approximately 8.6 million homes passed as of September 30, 2017. We have two reportable segments: Cablevision and Cequel. Cablevision provides broadband, pay television and telephony services to residential and business customers in and around the New York metropolitan area. Cequel provides broadband, pay television and telephony services to residential and business customers in the south-central United States, with the majority of its customers located in the ten states of Texas, West Virginia, Louisiana, Arkansas, North Carolina, Oklahoma, Arizona, California, Missouri and Ohio.

Recent Transactions

Operating results for the nine months ended September 30, 2016 include the operating results of Cablevision from the date of acquisition, June 21, 2016,

On June 21, 2016, Altice USA acquired Cablevision for a total purchase price of approximately \$9,958,323 (the "Cablevision Acquisition"). The Altice USA operating results include the operating results of Cablevision from the date of acquisition.

In July 2016, we completed the sale of a 75% interest in Newsday LLC and retained the remaining 25% ownership interest. Effective July 7, 2016, the operating results of Newsday are no longer consolidated with our results and our 25% interest in the operating results of Newsday is recorded on the equity basis.

Key Factors Impacting Operating Results and Financial Condition

Our future performance is dependent, to a large extent, on the impact of direct competition, general economic conditions (including capital and credit market conditions), our ability to manage our businesses effectively, and our relative strength and leverage in the marketplace, both with suppliers and customers. For more information see "Risk Factors," "Industry Overview" and "Business-Competition" included in the Prospectus.

We derive revenue principally through monthly charges to residential subscribers of our broadband, pay television and telephony services. We also derive revenue from equipment rental, DVR, VOD, pay-per-view, installation and home shopping commissions. Our residential pay television, broadband and telephony services accounted for approximately 46%, 27% and 9%, respectively, of our consolidated revenue for the nine months ended September 30, 2017. We also derive revenue from the sale of a wide and growing variety of products and services to both large enterprise and SMB customers, including broadband, telephony, networking and pay television services. For the nine months ended September 30, 2017, 14% of our consolidated revenue was derived from these business services. In addition, we derive revenues from the sale of advertising time available on the programming carried on our cable television systems, which accounted for approximately 4% of our consolidated revenue for the nine months ended September 30, 2017. Our other revenue for the nine months ended September 30, 2017 accounted for less than 1% of our consolidated revenue.

Revenue increases are derived from rate increases, increases in the number of subscribers to our services, including additional services sold to our existing subscribers, programming package upgrades by our pay television customers, speed tier upgrades by our broadband customers, and acquisitions of cable systems that result in the addition of new subscribers.

Our ability to increase the number of subscribers to our services is significantly related to our penetration rates.

We operate in a highly competitive consumer-driven industry and we compete against a variety of broadband, pay television and telephony providers and delivery systems, including broadband communications companies, wireless data and telephony providers, satellite-delivered video signals, Internet-delivered video content and broadcast television signals available to residential and business customers in our service areas. Our competitors include AT&T and its

DirecTV subsidiary, CenturyLink, DISH Network, Frontier and Verizon. Consumers' selection of an alternate source of service, whether due to economic constraints, technological advances or preference, negatively impacts the demand for our services. For more information on our competitive landscape, see "Risk Factors," "Industry Overview" and "Business-Competition" included in the Prospectus.

Our programming costs, which are the most significant component of our operating expenses, have increased and are expected to continue to increase primarily as a result of contractual rate increases and new channel launches. See "-Results of Operations" below for more information regarding our key factors impacting our revenues and operating expenses.

Historically, we have made substantial investments in our network and the development of new and innovative products and other service offerings for our customers as a way of differentiating ourselves from our competitors and may continue to do so in the future. We have commenced a five-year plan to build a fiber-to-the-home ("FTTH") network, which will enable us to deliver more than 10 Gbps broadband speeds across our entire Cablevision footprint and part of our Cequel footprint. We may incur greater than anticipated capital expenditures in connection with this initiative, fail to realize anticipated benefits, experience delays and business disruptions or encounter other challenges to executing it as planned. See "-Liquidity and Capital Resources-Capital Expenditures" for additional information regarding our capital expenditures.

Basis of Presentation

Altice USA - Comparison of Actual Results for the Three and Nine Months Ended September 30, 2017 compared to the Three and Nine Months Ended September 30, 2016 and Comparison of Actual Results for the Nine Months Ended September 30, 2017 to Pro Forma Results for the Nine Months Ended September 30, 2016.

The actual results of Altice USA for the three and nine months ended September 30, 2017 and for the three months ended September 30, 2016 include the operating results of Cequel and Cablevision. The actual results of Altice USA for the nine months ended September 30, 2016 include the operating results of Cequel and the operating results of Cablevision for the period from the date of the Cablevision Acquisition, June 21, 2016, through September 30, 2016.

The unaudited pro forma consolidated statements of operations for the nine months ended September 30, 2016 presented herein reflect the Cablevision Acquisition as if it had occurred on January 1, 2016. The pro forma results have been prepared based on assumptions deemed appropriate by the Company. The pro forma adjustments include (i) the elimination of incremental costs that were directly related to the Cablevision Acquisition, (ii) the incremental depreciation and amortization that would have been recognized if the Cablevision Acquisition was completed on January 1, 2016 resulting from the step up in fair value of its property, plant and equipment and identifiable intangible assets resulting from the application of business combinations accounting, (iii) the incremental interest resulting from the issuance of debt to fund the acquisition, net of the reversal of interest and amortization of deferred financing costs related to the credit facility that was repaid on the date of acquisition and the accretion/ amortization of fair value adjustments associated with the long-term debt acquired, (iv) the elimination of interest income earned on cash proceeds from the issuance of debt prior to the Cablevision Acquisition and (v) the income tax impact of these pro forma adjustments, and the Cablevision Acquisition.

The unaudited pro forma consolidated statements of operations are for informational purposes only. We believe that the pro forma information is useful as it provides additional information given the significant impact of the Cablevision acquisition and a reflection of how the combined business performed year over year that is not readily discernible from the actual year over year comparison. We believe that a comparison of the actual results for the nine months ended September 30, 2017 to the pro forma results for the nine months ended September 30, 2016 provides useful information because it reflects the business operations on a more comparable basis. The pro forma consolidated statements of operations are unaudited and do not purport to reflect the results of operations that would have occurred if the Cablevision Acquisition had been consummated on the date indicated above, nor does it purport to represent the results of operations of the Company for any future dates or periods.

Non-GAAP Financial Measures

We define Adjusted EBITDA, which is a non-GAAP financial measure, as net income (loss) excluding income taxes, income (loss) from discontinued operations, other non-operating income or expenses, loss on extinguishment of debt and write-off of deferred financing costs, gain (loss) on interest rate swap contracts, gain (loss) on derivative contracts,

gain (loss) on investments, interest expense (including cash interest expense), interest income, depreciation and amortization (including impairments), share-based compensation expense or benefit, restructuring expense or credits and transaction expenses. We believe Adjusted EBITDA is an appropriate measure for evaluating the operating performance of the Company. Adjusted EBITDA and similar measures with similar titles are common performance measures used by investors, analysts and peers to compare performance in our industry. Internally, we use revenue and Adjusted EBITDA measures as important indicators of our business performance, and evaluate management's effectiveness with specific reference to these indicators. We believe Adjusted EBITDA provides management and investors a useful measure for period-to-period comparisons of our core business and operating results by excluding items that are not comparable across reporting periods or that do not otherwise relate to the Company's ongoing operating results. Adjusted EBITDA should be viewed as a supplement to and not a substitute for operating income (loss), net income (loss), and other measures of performance presented in accordance with GAAP. Since Adjusted EBITDA is not a measure of performance calculated in accordance with GAAP, this measure may not be comparable to similar measures with similar titles used by other companies.

(a) Represents the estimated number of single residence homes, apartments and condominium units passed by the cable distribution network in areas serviceable without further extending the transmission lines. In addition, it includes commercial establishments that have connected to our cable distribution network. For Cequel, broadband services were not available to approximately 100 homes passed and telephony services were not available to approximately 500 homes passed.

- (b) Represents number of households/businesses that receive at least one of the Company's services.
- (c) Customers represent each customer account (set up and segregated by customer name and address), weighted equally and counted as one customer, regardless of size, revenue generated, or number of boxes, units, or outlets. In calculating the number of customers, we count all customers other than inactive/disconnected customers. Free accounts are included in the customer counts along with all active accounts, but they are limited to a prescribed group. Most of these accounts are also not entirely free, as they typically generate revenue through pay-per-view or other pay services and certain equipment fees. Free status is not granted to regular customers as a promotion. In counting bulk residential customers, such as an apartment building, we count each subscribing family unit within the building as one customer, but do not count the master account for the entire building as a customer. We count a bulk commercial customer, such as a hotel, as one customer, and do not count individual room units at that hotel.
- (d) Represents the number of customers that subscribe to three of our services divided by total residential customer relationships.
- (e) Represents the number of total customer relationships divided by homes passed.
- (f) Calculated by dividing the average monthly revenue for the respective quarter (fourth quarter for annual periods) derived from the sale of broadband, pay television and telephony services to residential customers for the respective quarter by the average number of total residential customers for the same period.

The following table reflects total net customer increases (decreases) for the periods presented:

Altice USA - Comparison of Actual Results for the Three and Nine Months Ended September 30, 2017 compared to the Three and Nine Months Ended September 30, 2016 and Comparison of Actual Results for the Nine Months Ended September 30, 2017 to Pro Forma Results for the Nine Months Ended September 30, 2016.

Please see “-Basis of Presentation” for an explanation of why we believe that a comparison of the actual results for the nine months ended September 30, 2017 to the pro forma results for the nine months ended September 30, 2016 provides useful information.

Pay Television Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Pay television revenue for the three and nine months ended September 30, 2017 was \$1,054,392 and \$3,185,610, respectively, of which \$782,214 and \$2,356,230 was derived from the Cablevision segment and \$272,178 and \$829,380 relates to our Cequel segment. Pay television revenue for the three and nine months ended September 30, 2016 was \$1,051,995 and \$1,700,286 of which \$772,886 and \$859,932 relates to the Cablevision segment and \$279,109 and \$840,354 relates to our Cequel segment. Pay television is derived principally through monthly charges to residential subscribers of our pay television services. Revenue increases are derived primarily from rate increases, increases in the number of subscribers, including additional services sold to our existing subscribers, and programming package upgrades.

Pay television revenue for our Cablevision segment increased \$9,328 (1%) for the three months ended September 30, 2017 as compared to the same period in the prior year. The increase was due primarily to rate increases for certain video services implemented near the end of the fourth quarter of 2016, an increase in pay-per-view revenue and an increase in late fees. Partially offsetting these increases was a decrease in revenue as compared to the prior year due to a decline in pay television customers.

Pay television revenue for our Cequel segment decreased \$6,931 (2%) for the three months ended September 30, 2017 as compared to the same period in the prior year. The decrease was due primarily to a decline in the number of pay television customers, partially offset by certain rate increases, an increase in pay-per-view revenue, an increase in installation services revenue and an increase in late fees as compared to the prior year period.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Pay television revenue for the nine months ended September 30, 2017 was \$3,185,610 compared to \$3,168,292 for the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase of \$17,318 (1%) is comprised of a pro forma increase of \$28,292 (1%) for our Cablevision segment, partially offset by a decrease of \$10,974 (1%) for our Cequel segment.

Pay television revenue for our Cablevision segment increased \$28,292 (1%) for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase was due primarily to rate increases for certain video services implemented near the end of the fourth quarter of 2016, an increase in late fees and an increase in pay-per-view revenue. Partially offsetting these increases was a decrease in revenue as compared to the prior year due to a decline in pay television customers.

Pay television revenue for our Cequel segment decreased \$10,974 (1%) for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease was due primarily to a decline in the number of pay television customers and a decrease in premium video services revenue, partially offset by certain rate increases, an increase in installation services revenue and an increase in late fees.

We believe our pay television customer declines noted in the table above are largely attributable to competition, particularly from Verizon in our Cablevision footprint and DBS providers in our Cequel footprint, as well as competition from companies that deliver video content over the Internet directly to customers. These factors are expected to continue to impact our ability to maintain or increase our existing customers and revenue in the future.

Broadband Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Broadband revenue for the three and nine months ended September 30, 2017 was \$646,094 and \$1,887,279, respectively, of which \$404,153 and \$1,177,731 was derived from our Cablevision segment and \$241,941 and \$709,548 was derived from our Cequel segment. Broadband revenue for the three and nine months ended September 30, 2016 was \$578,605 and \$1,019,069, respectively, of which \$366,166 and \$406,057 relates to the Cablevision segment and \$212,439 and \$613,012 relates to our Cequel segment. Broadband revenue is derived principally through monthly charges to residential subscribers of our broadband services. Revenue increases are derived primarily from rate increases, increases in the number of subscribers, including additional services sold to our existing subscribers, and speed tier upgrades.

Broadband revenue for our Cablevision segment increased \$37,987 (10%) for the three months ended September 30, 2017 compared to the three months ended September 30, 2016. The increase was due primarily to higher average recurring broadband revenue per broadband customer, an increase in broadband customers, and an increase in late fees.

Broadband revenue for our Cequel segment increased \$29,502 (14%) for the three months ended September 30, 2017 compared to the same period in the prior year. The increase was due primarily to an increase in broadband customers, an increase in rates, an increase resulting from the impact of service level changes, and an increase in late fees.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Broadband revenue for the nine months ended September 30, 2017 was \$1,887,279 compared to \$1,692,079 for the nine months ended September 30, 2016, on a pro forma basis. On a pro forma basis, broadband revenue increased \$195,200 (12%) and is comprised of a pro forma increase of \$98,664 (9%) for our Cablevision segment and an increase of \$96,536 (16%) for our Cequel segment.

Broadband revenue for our Cablevision segment increased \$98,664 (9%) for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase was due primarily to higher average recurring broadband revenue per broadband customer, an increase in broadband customers, and an increase in late fees.

Broadband revenue for our Cequel segment increased \$96,536 (16%) for the nine months ended September 30, 2017 compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase was due primarily to an increase in broadband customers, an increase in rates, an increase resulting from the impact of service level changes, an increase in residential home networking revenue and an increase in late fees.

Telephony Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Telephony revenue for the three and nine months ended September 30, 2017 was \$204,753 and \$624,077 of which \$172,904 and \$524,696 was derived from the Cablevision segment and \$31,849 and \$99,381 was derived from our Cequel segment. Telephony revenue for the three and nine months ended September 30, 2016 was \$216,186 and \$315,137, respectively, of which \$178,000 and \$198,282 relates to the Cablevision segment and \$38,186 and \$116,855 relates to our Cequel segment. Telephony revenue is derived principally through monthly charges to residential subscribers of our telephony services. Revenue increases are derived primarily from rate increases, increases in the number of subscribers, and additional services sold to our existing subscribers.

Telephony revenue for our Cablevision segment decreased \$5,096 (3%) for the three months ended September 30, 2017 compared to the three months ended September 30, 2016. The decrease was due primarily to a decline in international calling and a decline in telephony customers.

Telephony revenue for our Cequel segment decreased \$6,337 (17%) for the three months ended September 30, 2017 compared to the three months ended September 30, 2016. The decrease was due primarily to a decline in telephony customers and lower rates offered to customers.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Telephony revenue for the nine months ended September 30, 2017 was \$624,077 compared to \$657,279 for the nine months ended September 30, 2016, on a pro forma basis. On a pro forma basis, telephony revenue decreased \$33,202 (5%) for the nine months ended September 30, 2017 as compared to the prior year period and is comprised of a pro forma decrease of \$15,728 (3%) for our Cablevision segment and a decrease of \$17,474 (15%) for our Cequel segment.

Telephony revenue for our Cablevision segment decreased \$15,728 (3%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease was due primarily to a decline in international calling and a decline in telephony customers.

Telephony revenue for our Cequel segment decreased \$17,474 (15%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease was due primarily to a decline in telephony customers and lower rates offered to customers.

Business Services and Wholesale Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Business services and wholesale revenue for the three and nine months ended September 30, 2017 was \$324,760 and \$968,291, respectively of which \$230,274 and \$690,168 was derived from the Cablevision segment and \$94,486 and \$278,123 was derived from our Cequel segment. Business services and wholesale revenue for the three and nine months ended September 30, 2016 was \$309,366 and \$504,963, respectively, of which \$220,352 and \$244,685 relates to the Cablevision segment and \$89,014 and \$260,278 relates to our Cequel segment. Business services and wholesale revenue is derived primarily from the sale of fiber based telecommunications services to the business market, and the sale of broadband, pay television and telephony services to small and medium sized businesses ("SMB").

Business services and wholesale revenue for our Cablevision segment increased \$9,922 (5%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The increase was primarily due to higher average recurring telephony and broadband revenue per SMB customer, partially offset by reduced traditional voice and data services for commercial customers.

Business services and wholesale revenue for our Cequel segment increased \$5,472 (6%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The increase was primarily due to higher commercial rates and customers for broadband services, an increase in certain pay television rates and increases in commercial carrier services.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Business services and wholesale revenue for the nine months ended September 30, 2017 was \$968,291 compared to \$916,065 for the nine months ended September 30, 2016, on a pro forma basis. The increase of \$52,226 (6%) for the nine months ended September 30, 2017 as compared to the prior year period is comprised of a pro forma increase of \$34,381 (5%) for our Cablevision segment and a pro forma increase of \$17,845 (7%) for our Cequel segment.

Business services and wholesale revenue for our Cablevision segment increased \$34,381 (5%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase was primarily due to higher average recurring telephony and broadband revenue per SMB customer and an increase in Ethernet revenue resulting from a larger number of services installed, partially offset by reduced traditional voice and data services for commercial customers.

Business services and wholesale revenue for our Cequel segment increased \$17,845 (7%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase was primarily due to higher commercial rates and customers for broadband services, an increase in certain pay television rates and increases in commercial carrier services.

Advertising Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Advertising revenue for the three and nine months ended September 30, 2017, net of inter-segment revenue, was \$84,539 and \$257,255, respectively, of which \$67,563 and \$203,351 was derived from our Cablevision segment and \$17,456 and \$54,384 was derived from our Cequel segment. Advertising revenue for the three and nine months ended September 30, 2016 was \$88,759 and \$138,934, respectively, of which \$67,815 and \$75,458 relates to the Cablevision segment and \$20,944 and \$63,476 relates to our Cequel segment. Advertising revenue is primarily derived from the sale of advertising time available on the programming carried on our cable television systems.

Advertising revenue for our Cablevision segment decreased \$252 (0%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016.

Advertising revenue for our Cequel segment decreased \$3,488 (17%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The decrease is due to declines in political, auto and retail advertising.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Advertising revenue for the nine months ended September 30, 2017 was \$257,255, net of inter-segment revenue, compared to \$258,661 for the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease of \$1,406 (1%) for the nine months ended September 30, 2017 as compared to the prior year period is comprised of a pro forma increase of \$8,166 (4%) for our Cablevision segment, offset by a pro forma decrease of \$9,092 (14%) for our Cequel segment.

Advertising revenue for our Cablevision segment increased \$8,166 (4%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase is due primarily to an increase in digital advertising revenue.

Advertising revenue for our Cequel segment decreased \$9,092 (14%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease is due to declines in political, auto and retail advertising.

Other Revenue

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Other revenue for the three and nine months ended September 30, 2017 was \$12,637 and \$38,680, respectively, of which \$7,211 and \$21,366 was derived from our Cablevision segment and \$5,426 and \$17,314 was derived from our Cequel segment. Other revenue for the three and nine months ended September 30, 2016 was \$15,310 and \$32,922, respectively,

of which \$9,480 and \$14,145 relates to the Cablevision segment and \$5,830 and \$18,777 relates to our Cequel segment. Other revenue includes other miscellaneous revenue streams.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Other revenue for the nine months ended September 30, 2017 was \$38,680 compared to \$156,540 for the nine months ended September 30, 2016 on a pro forma basis. The pro forma decrease of \$117,860 (75%) for the nine months ended September 30, 2017 as compared to the prior year period is comprised of a pro forma decrease of \$116,397 (84%) for our Cablevision segment and a pro forma decrease of \$1,463 (8%) for our Cequel segment.

Other revenue for our Cablevision segment decreased of \$116,397 (84%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease is due primarily to Cablevision no longer consolidating the operating results of Newsday as a result of the sale of a 75% interest in Newsday, effective July 7, 2016. The Company's 25% interest in the operating results of Newsday is recorded on the equity method.

Other revenue for our Cequel segment decreased of \$1,463 (8%) for the nine months ended September 30, 2017 as compared to the nine months ended September 30, 2016, on a pro forma basis.

Programming and Other Direct Costs

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Programming and other direct costs for the three and nine months ended September 30, 2017 amounted to \$755,101 and \$2,272,147, respectively, of which \$570,995 and \$1,710,245 relate to our Cablevision segment and \$184,283 and \$562,079 relate to our Cequel segment. Programming and other direct costs for the three and nine months ended September 30, 2016 was \$738,390 and \$1,177,808, respectively, of which \$554,370 and \$616,860 relates to the Cablevision segment and \$184,020 and \$560,948 relates to our Cequel segment. Programming and other direct costs include cable programming costs, which are costs paid to programmers (net of amortization of any incentives received from programmers for carriage) for cable content (including costs of VOD and pay-per-view) and are generally paid on a per-subscriber basis. These costs typically rise due to increases in contractual rates and new channel launches and are also impacted by changes in the number of customers receiving certain programming services. These costs also include interconnection, call completion, circuit and transport fees paid to other telecommunication companies for the transport and termination of voice and data services, which typically vary based on rate changes and the level of usage by our customers. These costs also include franchise fees which are payable to the state governments and local municipalities where we operate and are primarily based on a percentage of certain categories of revenue derived from the provision of pay television service over our cable systems, which vary by state and municipality. These costs change in relation to changes in such categories of revenues or rate changes.

The increase of \$16,711 (2%) in programming and other direct costs for the three months ended September 30, 2017, net of inter-segment eliminations, as compared to the prior year period is attributable to the following:

Cablevision segment:

Increase in programming costs due primarily to contractual rate increases and an increase in pay-per-view costs primarily from an event in August 2017, partially offset by lower pay television customers and lower video-on-demand costs	\$	16,517
Increase in costs of digital media advertising spots for resale		5,251
Decrease in call completion and transport costs primarily due to lower level of activity		(3,205)
Decrease in costs primarily related to the sale of Newsday in July 2016		(1,731)
Other net decreases		(207)
		<u>16,625</u>

Programming costs

Programming costs aggregated \$629,833 and \$1,898,100 for the three and nine months ended September 30, 2017, respectively, on an actual basis. On a pro forma basis programming costs aggregated \$1,844,565 for nine months ended September 30, 2016. Our programming costs increased 3% for the three months ended September 30, 2017 as compared to the same period in the prior year and for the nine months ended September 30, 2017 as compared to the same period in the prior year, on a pro forma basis. Our programming costs in 2017 will continue to be impacted by changes in programming rates, which we expect to increase by high single digits, and by changes in the number of pay television customers.

Other Operating Expenses

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Other operating expenses for the three and nine months ended September 30, 2017 amounted to \$560,497, and \$1,767,624, respectively, of which \$390,673 and \$1,271,971 relate to our Cablevision segment and \$170,127 and \$495,956 relate to our Cequel segment. Other operating expenses for the three and nine months ended September 30, 2016 amounted to \$660,307 and \$1,050,046, respectively, of which \$493,709 and \$543,884 relates to the Cablevision segment and \$166,598 and \$506,162 relates to our Cequel segment. Other operating expenses include staff costs and employee benefits including salaries of company employees and related taxes, benefits and other employee related expenses. Other operating expenses also include network management and field service costs, which represent costs associated with the maintenance of our broadband network, including costs of certain customer connections and other costs associated with providing and maintaining services to our customers.

Customer installation and repair and maintenance costs may fluctuate as a result of changes in the level of activities and the utilization of contractors as compared to employees. Also, customer installation costs fluctuate as the portion of our expenses that we are able to capitalize changes. Costs associated with the initial deployment of new customer premise equipment necessary to provide broadband, pay television and telephony services are capitalized (asset-based). In circumstances where customer premise equipment tracking is not available, the Company estimates the amount of capitalized installation costs based on whether or not the business or residence had been previously connected to the network, (premise-based). Network repair and maintenance and utility costs also fluctuate as capitalizable network upgrade and enhancement activity changes.

In connection with the execution of an agreement with ATS in the second quarter of 2017 (see Note 14 of our consolidated financial statements), the Company's operating results reflect a reduction in employee related expenses due to certain employees becoming employed by ATS and an increase in contractor costs for services provided by ATS. See further details in the table below. The Company anticipates this trend to continue as it plans to transfer certain Cequel employees to ATS later in 2017.

Other operating expenses also include costs related to the operation and maintenance of our call center facilities that handle customer inquiries and billing and collection activities and sales and marketing costs, which include advertising production and placement costs associated with acquiring and retaining customers. These costs vary period to period and certain of these costs, such as sales and marketing, may increase with intense competition. Additionally, other operating expenses include various other administrative costs, including legal fees, and product development costs.

The decrease of \$99,810 (15%) in other operating expenses for the three months ended September 30, 2017, net of inter-segment eliminations, as compared to the prior year period is attributable to the following:

Cablevision segment:

Decrease primarily in employee related costs related to the elimination of certain positions (including the impact of the decline in headcount resulting from the ATS agreement), and lower net benefits, partially offset by merit increases	\$ (126,269)

Restructuring and Other Expense

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Restructuring and other expense for the three and nine months ended September 30, 2017 of \$53,448 and \$142,765, respectively (\$35,364 and \$105,182 for our Cablevision segment and \$18,084 and \$37,583 for our Cequel segment) as compared to \$47,816 and \$155,086 for the three and nine months ended September 30, 2016 (\$45,176 and \$143,891 for our Cablevision segment and \$2,640 and \$11,195 for our Cequel segment). These amounts primarily relate to severance and other employee related costs resulting from headcount reductions related to initiatives which commenced in 2016 that are intended to simplify the Company's organizational structure. We currently anticipate that additional restructuring expenses will be recognized as we continue to analyze our organizational structure.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Restructuring and other expense for the nine months ended September 30, 2017 was \$142,765 (\$105,182 for our Cablevision segment and \$37,583 for our Cequel segment) compared to \$162,491 (\$151,296 for our Cablevision segment and \$11,195 for our Cequel segment) for the nine months ended September 30, 2016, on a pro forma basis.

Restructuring and other expense for the nine months ended September 30, 2017, as well as for the nine months ended September 30, 2016 primarily relate to severance and other employee related costs resulting from headcount reductions related to initiatives which commenced in 2016 that are intended to simplify the Company's organizational structure. Restructuring and other expense for the nine months ended September 30, 2016 related to Cablevision includes adjustments related to prior restructuring plans of \$2,299 on a pro forma basis, respectively.

Depreciation and Amortization

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Depreciation and amortization for the three and nine months ended September 30, 2017 amounted to \$823,265 and \$2,138,776, respectively, of which \$656,102 and \$1,641,477 relates to our Cablevision segment and \$167,163 and \$497,299 relates to our Cequel segment. Depreciation and amortization for the three and nine months ended September 30, 2016 amounted to \$670,929 and \$1,085,929, respectively, of which \$481,497 and \$526,057 relates to the Cablevision segment and \$189,432 and \$559,872 relates to our Cequel segment.

Depreciation and amortization for our Cablevision segment increased of \$174,605 (36%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The increase is due primarily to the acceleration of amortization on its trade name intangible assets in connection with the announcement, on May 23, 2017, of the adoption of a global brand that will replace the Optimum brand in the future, as well as depreciation on new asset additions.

Depreciation and amortization for our Cequel segment decreased \$22,269 (12%) for the three months ended September 30, 2017 as compared to the three months ended September 30, 2016. The decrease is due primarily to lower amortization expense for certain intangible assets that are being amortized using an accelerated method, partially offset by an increase resulting from revisions made to the fair value of assets acquired resulting from the finalization in the fourth quarter of 2016 of the purchase price allocation in connection with the Cequel Acquisition.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Depreciation and amortization for the nine months ended September 30, 2017 amounted to \$2,138,776 compared to \$1,918,678, for the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase of \$220,098 (11%) for the nine months ended September 30, 2017 as compared to the prior year period is comprised of \$282,671 (21%) pro forma increase for our Cablevision segment, partially offset by a pro forma decrease of \$62,573 (11%) for our Cequel segment. The pro forma increase for our Cablevision segment is primarily due to the acceleration of amortization on its trade name intangible assets in connection with the announcement, on May 23, 2017, of the adoption of a global brand that will replace the Optimum brand in the future, as well as depreciation on new asset additions. For Cequel, the decrease is due primarily to lower amortization expense for certain intangible assets that are being amortized using an accelerated method, partially offset by an increase resulting from revisions made to the fair value of assets acquired resulting from the finalization in the fourth quarter of 2016 of the purchase price allocation in connection with the Cequel Acquisition.

Adjusted EBITDA

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Adjusted EBITDA amounted to \$1,026,582 and \$2,962,353 for the three and nine months ended September 30, 2017, of which \$714,206 and \$2,019,923 relates to our Cablevision segment and \$312,376 and \$942,430 relates to our Cequel segment. Adjusted EBITDA amounted to \$863,194 and \$1,485,127 for the three and nine months ended September 30, 2016, respectively, of which \$567,711 and \$638,906 relates to the Cablevision segment and \$295,483 and \$846,221 relates to our Cequel segment.

Adjusted EBITDA is a non-GAAP measure that is defined as net loss excluding income taxes, loss from discontinued operations, other non-operating income or expenses, loss on extinguishment of debt and write-off of deferred financing costs, gain (loss) on interest rate swap contracts, gain (loss) on derivative contracts, gain (loss) on investments, interest expense (including cash interest expense), interest income, depreciation and amortization (including impairments), share-

based compensation expense, restructuring expense or credits and transaction expenses. See reconciliation of net loss to adjusted EBITDA above.

For our Cablevision segment, adjusted EBITDA increased \$146,495 (26%) for the three months ended September 30, 2017 as compared to the same period in the prior year. The increases are due primarily to increases in revenue and decreases in operating expenses (excluding depreciation and amortization, restructuring expense and other expenses and share-based compensation).

For our Cequel segment, adjusted EBITDA increased \$16,893 (6%) and \$96,209 (11%) for the three and nine months ended September 30, 2017 as compared to the same periods in the prior year. The increases are due primarily to increases in revenue and decreases in operating expenses (excluding depreciation and amortization, restructuring expense and other expenses and share-based compensation).

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Adjusted EBITDA for the nine months ended September 30, 2017 was \$2,962,353 compared to \$2,422,437 for the nine months ended September 30, 2016, on a pro forma basis. The pro forma increase of \$539,916 (22%) for the nine months ended September 30, 2017 as compared to the prior year period consists of a pro forma increase of \$443,707 (28%) for our Cablevision segment and a pro forma increase of \$96,209 (11%) for our Cequel segment. The pro forma increases for the three and nine months were due primarily to increases in revenue and decreases in operating expenses (excluding depreciation and amortization, restructuring and other expense and share-based compensation), as discussed above.

Interest Expense, net

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Interest expense, net was \$378,103 and \$445,838, for the three months ended September 30, 2017 and 2016, and \$1,231,357 and \$1,003,079 for the nine months ended September 30, 2017 and 2016, respectively, and includes interest on debt issued to finance the Cablevision Acquisition and Cequel Acquisition, as well as interest on debt assumed in connection with these acquisitions.

The decrease of \$67,735 (15%) and an increase of \$228,278 (23%) for the three and nine months ended September 30, 2017 as compared to the prior year periods is attributable to the following:

	Three Months	Nine Months
	Ended September 30, 2017	
Increase (decrease) due to changes in average debt balances and interest rates on our indebtedness and collateralized debt	\$ (73,710)	\$ 222,971
Lower (higher) interest income	(557)	11,414
Other net increases (decreases), primarily amortization of deferred financing costs and original issue discounts	6,532	(6,107)
	<u>\$ (67,735)</u>	<u>\$ 228,278</u>

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Interest expense, net amounted to \$1,231,357 for the nine months ended September 30, 2017 and \$1,324,832 for the nine months ended September 30, 2016, on a pro forma basis. The pro forma decrease of \$93,475 (7%) as compared to the prior year period is attributable to the following:

Decrease due to decline in average debt balances and interest rates on our indebtedness and collateralized debt	\$ (94,917)
Lower interest income	867
Other net decreases, primarily amortization of deferred financing costs and original issue discounts	575
	<u>\$ (93,475)</u>

Gain (loss) on Investments, net

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Gain (loss) on investments, net for the three and nine months ended September 30, 2017 of \$(18,900) and \$169,888 and \$24,833 and \$83,467 for the three and nine months ended September 30, 2016 consists primarily of the increase (decrease) in the fair value of Comcast common stock owned by the Company for the period. The effects of these gains are partially offset by the losses on the related equity derivative contracts, net described below.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Gain on investments, net for the nine months ended September 30, 2017 amounted \$169,888 compared to \$213,457 for the nine months ended September 30, 2016, on a pro forma basis, assuming the Cablevision Acquisition occurred on January 1, 2016 and consists primarily of the increase in the fair value of Comcast common stock owned by the Company. The effects of these gains are partially offset by the losses on the related equity derivative contracts, net described below.

Gain (loss) on Derivative Contracts, net

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

Gain (loss) on derivative contracts, net for the three and nine months ended September 30, 2017 amounted to \$(16,763) and \$(154,270) compared to \$773 and \$(26,572) for the three and nine months ended September 30, 2016, respectively and consists of unrealized and realized gains or losses due to the change in fair value of equity derivative contracts relating to the Comcast common stock owned by the Company. The effects of these gains or losses are offset by gains and losses on investment securities pledged as collateral, which are included in gain (loss) on investments, net discussed above. The loss for the three and nine months ended September 30, 2017 also includes the realized loss on the settlement of certain put-call options, as well as the loss resulting from the change in the fair value on the put-call contracts aggregating \$72,365.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Loss on derivative contracts, net for the nine months ended September 30, 2017 was \$154,270 compared to \$62,855 for the nine months ended September 30, 2016, on a pro forma basis, assuming the Cablevision Acquisition occurred on January 1, 2016 and consists of unrealized and realized losses due to the change in fair value of equity derivative contracts relating to the Comcast common stock owned by the Company. The loss for the nine months ended September 30, 2017 also includes the realized loss on the settlement of certain put-call options, as well as the loss resulting from the change in the fair value on the put-call contracts aggregating \$72,365.

Gain (loss) on interest rate swap contracts

Gain (loss) on interest rate swap contracts was \$1,051 and \$12,539 for the three and nine months ended September 30, 2017 as compared to \$(15,861) and \$24,380 for the three and nine months ended September 30, 2016. These amounts represent the increase or decrease in fair value of the fixed to floating interest rate swaps entered into by our Cequel segment in September 2016. The objective of these swaps is to cover the exposure to changes in the market interest rate of the \$1,500,000 principal amount of the Cequel 2026 Senior Secured Notes. These swap contracts are not designated as hedges for accounting purposes.

Loss on extinguishment of debt and write-off of deferred financing costs

Loss on extinguishment of debt and write-off of deferred financing costs amounted to \$38,858 and \$600,240 for the three and nine months ended September 30, 2017 and includes the premium of \$513,723 related to the notes payable to affiliates and related parties that were converted into shares of the Company's common stock, \$18,976 related to the Cablevision Extension Amendment and the redemption of senior notes, \$28,684 related to the Cequel Extension Amendment and the redemption of senior notes and \$38,858 relating primarily to a premium paid from the prepayment of principal on certain senior notes outstanding.

Loss on extinguishment of debt amounted to \$19,948 for the nine months ended September 30, 2016 and related to the repayment and termination of the Cequel credit facility.

Income Tax Benefit

Actual Three and Nine Months Ended September 30, 2017 Compared to Actual Three and Nine Months Ended September 30, 2016

The Company recorded income tax benefit of \$134,688 and \$429,664 for the three and nine months ended September 30, 2017, respectively, reflecting an effective tax rate of 43% and 37%, respectively. Nondeductible share-based compensation expense for the three and nine months ended September 30, 2017 reduced income tax benefit by \$6,002 and \$16,373, respectively.

The Company recorded income tax benefit of \$118,230 and \$101,332 for the three and nine months ended September 30, 2016, respectively. On June 9, 2016 the common stock of Cequel Corporation was contributed to the Company. On June 21, 2016, the Company completed its acquisition of Cablevision. Accordingly, Cequel and Cablevision joined the federal consolidated and certain state combined income tax returns of the Company. As a result, the applicable tax rate used to measure deferred tax assets and liabilities increased, resulting in a non-cash deferred income tax charge of \$153,660 in the second quarter of 2016. In addition, there was no state income tax benefit on the pre-merger accrued interest at Finco, resulting in additional deferred tax expense of \$2,431 and \$18,542 for the three and nine months ended September 30, 2016, respectively.

Actual Nine Months Ended September 30, 2017 Compared to Pro Forma Nine Months Ended September 30, 2016

Income tax benefit for the nine months ended September 30, 2017 was \$429,664, reflecting an effective tax rate of 37%. Nondeductible share-based compensation expense for the nine months ended September 30, 2017 reduced income tax benefit by \$16,373.

Income tax benefit on a pro forma basis amounted to \$320,188 for the nine months ended September 30, 2016. In 2016, there was no state income tax benefit on the pre-Merger accrued interest at Finco, resulting in additional deferred tax expense of \$18,542 for the nine months ended September 30, 2016.

In general, the Company is required to use an estimated annual effective tax rate to measure the income tax expense or benefit recognized in an interim period. The estimated annual effective tax rate is revised on a quarterly basis and therefore may be different from the rate used in a prior interim period. In addition, certain items included in income tax expense as well as the tax impact of certain items included in pretax income from continuing operations must be treated as discrete items. The income tax expense or benefit associated with these discrete items is fully recognized in the interim period in which the items occur.

Liquidity and Capital Resources

Altice USA has no operations independent of its subsidiaries, Cablevision and Cequel, which are funded separately. Funding for our subsidiaries has generally been provided by cash flow from their respective operations, cash on hand and borrowings under their revolving credit facilities and the proceeds from the issuance of securities and borrowings under syndicated term loans in the capital markets. Our decision as to the use of cash generated from operating activities, cash on hand, borrowings under the revolving credit facilities or accessing the capital markets has been based upon an ongoing review of the funding needs of the business, the optimal allocation of cash resources, the timing of cash flow generation and the cost of borrowing under the revolving credit facilities, debt securities and syndicated term loans. We manage our business to a long-term net leverage ratio target of 5.0x. We calculate our consolidated net leverage ratio as net debt to L2QA EBITDA (Adjusted EBITDA for the two most recent consecutive fiscal quarters multiplied by 2.0).

We expect to utilize free cash flow and availability under the revolving credit facilities, as well as future refinancing transactions to further extend the maturities of, or reduce the principal on, our debt obligations. The timing and terms of any refinancing transactions will be subject to, among other factors, market conditions. Additionally, we may, from time to time, depending on market conditions and other factors, use cash on hand and the proceeds from other borrowings to repay the outstanding debt securities through open market purchases, privately negotiated purchases, tender offers, or redemption provisions.

We believe existing cash balances, operating cash flows and availability under our revolving credit facilities will provide adequate funds to support our current operating plan, make planned capital expenditures and fulfill our debt service requirements for the next twelve months. However, our ability to fund our operations, make planned capital expenditures, make scheduled payments on our indebtedness and repay our indebtedness depends on our future operating performance.

and cash flows and our ability to access the capital markets, which, in turn, are subject to prevailing economic conditions and to financial, business and other factors, some of which are beyond our control. Our collateralized debt maturing in the next 12 months will be settled with proceeds from monetization contracts entered into pursuant to the Synthetic Monetization Closeout discussed below. However, competition, market disruptions or a deterioration in economic conditions could lead to lower demand for our products, as well as lower levels of advertising, and increased incidence of customers' inability to pay for the services we provide. These events would adversely impact our results of operations, cash flows and financial position. Although we currently believe that amounts available under the revolving credit facilities will be available when, and if, needed, we can provide no assurance that access to such funds will not be impacted by adverse conditions in the financial markets or other conditions. The obligations of the financial institutions under the revolving credit facilities are several and not joint and, as a result, a funding default by one or more institutions does not need to be made up by the others.

In the longer term, we do not expect to be able to generate sufficient cash from operations to fund anticipated capital expenditures, meet all existing future contractual payment obligations and repay our debt at maturity. As a result, we will be dependent upon our continued access to the capital and credit markets to issue additional debt or equity or refinance existing debt obligations. We will need to raise significant amounts of funding over the next several years to fund capital expenditures, repay existing obligations and meet other obligations, and the failure to do so successfully could adversely affect our business. If we are unable to do so, we will need to take other actions including deferring capital expenditures, selling assets, seeking strategic investments from third parties or reducing or eliminating discretionary uses of cash.

Initial Public Offering

In June 2017, the Company completed its IPO of 71,724,139 shares of its Class A common stock (12,068,966 shares sold by the Company and 59,655,173 shares sold by existing stockholders) at a price to the public of \$30.00 per share, including the underwriters full exercise of their option to purchase 7,781,110 shares to cover overallocments. The Company's Class A common stock began trading on June 22, 2017, on the New York Stock Exchange under the symbol "ATUS".

In connection with the sale of its Class A common stock, the Company received proceeds of approximately \$362,069, before deducting the underwriting discount and expenses directly related to the issuance of the securities of \$13,609. The Company did not receive any proceeds from the sale of shares by the selling stockholders. In July 2017, the Company used approximately \$350,120 of the proceeds to fund the redemption of \$315,779 principal amount of 10.875% senior notes that mature in 2025 issued by CSC Holdings, an indirect wholly-owned subsidiary of the Company, and the related call premium of approximately \$34,341.

Total	\$ 22,371,595	\$ 9,094,560	\$ 31,466,155

- (a) Includes \$1,583,479 related to the Company's obligations (including related interest) in connection with monetization contracts it has entered into. This indebtedness is collateralized by shares of Comcast common stock. We intend to settle this debt by (i) delivering shares of Comcast common stock and the related equity contracts, (ii) delivering cash from the net proceeds on new monetization contracts, or (iii) delivering cash from the proceeds of monetization contracts entered into pursuant to the Synthetic Monetization Closeout discussed below.

CSC Holdings Restricted Group

CSC Holdings and those of its subsidiaries which conduct our broadband, pay television and telephony services operations, as well as Lightpath, which provides Ethernet-based data, Internet, voice and video transport and managed services to the business market, comprise the "Restricted Group" as they are subject to the covenants and restrictions of the credit facility and indentures governing the notes and debentures issued by CSC Holdings. In addition, the Restricted Group is also subject to the covenants of the debt issued by Cablevision.

Sources of cash for the Restricted Group include primarily cash flow from the operations of the businesses in the Restricted Group, borrowings under its credit facility and issuance of securities in the capital markets, contributions from its parent, and, from time to time, distributions or loans from its subsidiaries. The Restricted Group's principal uses of cash include: capital spending, in particular, the capital requirements associated with the upgrade of its digital broadband, pay television and telephony services, including costs to build a FTTH network and enhancements to its service offerings such as a broadband wireless network (WiFi); debt service, including distributions made to Cablevision to service interest expense and principal repayments on its debt securities; other corporate expenses and changes in working capital; and investments that it may fund from time to time.

Cablevision Credit Facilities

On October 9, 2015, Finco, which merged with and into CSC Holdings on June 21, 2016, entered into a senior secured credit facility, which currently provides U.S. dollar term loans currently in an aggregate principal amount of \$3,000,000 (\$2,992,500 outstanding at September 30, 2017) (the "CVC Term Loan Facility", and the term loans extended under the CVC Term Loan Facility, the "CVC Term Loans") and U.S. dollar revolving loan commitments in an aggregate principal amount of \$2,300,000 (the "CVC Revolving Credit Facility" and, together with the CVC Term Loan Facility, the "CVC Credit Facilities"), which are governed by a credit facilities agreement entered into by, *inter alios*, CSC Holdings certain lenders party thereto and JPMorgan Chase Bank, N.A. as administrative agent and security agent (as amended, restated, supplemented or otherwise modified on June 20, 2016, June 21, 2016, July 21, 2016, September 9, 2016, December 9, 2016 and March 15, 2017, respectively, and as further amended, restated, supplemented or otherwise modified from time to time, the "CVC Credit Facilities Agreement").

During the nine months ended September 30, 2017, CSC Holdings borrowed \$1,350,000 under its revolving credit facility (\$500,000 was used to make cash distributions to its stockholders) and made voluntary repayments aggregating

\$350,256 with cash on hand. In October 2017, CSC Holdings made a voluntary repayment under its revolving credit facility of \$50,000. This amount was reclassified from long term debt to current debt on the consolidated balance sheet as of September 30, 2017.

On October 31, 2017, CSC Holdings made a voluntary repayment under its revolving credit facility of \$500,000.

The Company was in compliance with all of its financial covenants under the CVC Credit Facilities Agreement as of September 30, 2017.

See Note 9 to our consolidated financial statements for further information regarding the CVC Credit Facilities Agreement.

Cequel Credit Facilities

On June 12, 2015, Altice US Finance I Corporation, a wholly-owned subsidiary of Cequel, entered into a senior secured credit facility which currently provides U.S. dollar term loans in an aggregate principal amount of \$1,265,000 (\$1,261,838 outstanding at September 30, 2017) (the "Cequel Term Loan Facility" and the term loans extended under the Cequel Term Loan Facility, the "Cequel Term Loans") and U.S. dollar revolving loan commitments in an aggregate principal amount of \$350,000 (the "Cequel Revolving Credit Facility" and, together with the Cequel Term Loan Facility, the "Cequel Credit Facilities") which are governed by a credit facilities agreement entered into by, inter alios, Altice US Finance I Corporation, certain lenders party thereto and JPMorgan Chase Bank, N.A. as administrative agent and security agent (as amended, restated, supplemented or otherwise modified on October 25, 2016, December 9, 2016 and March 15, 2017, and as further amended, restated, supplemented or modified from time to time, the "Cequel Credit Facilities Agreement").

The Company was in compliance with all of its financial covenants under the Cequel Credit Facilities Agreement as of September 30, 2017.

See Note 9 to our consolidated financial statements for further information regarding the Cequel Credit Facilities Agreement.

Senior Notes

In September, the Company repaid the remaining \$400,000 of 8.625% Senior Notes due September 2017 from borrowings under its revolving credit facility.

In July 2017, the Company used approximately \$350,120 of the proceeds from the Company's IPO discussed above, to fund the redemption of \$315,779 principal amount of senior notes that mature in 2025 issued by CSC Holdings, a wholly-owned subsidiary of the Company, and the related call premium of approximately \$34,341. See Note 9 of our consolidated financial statements for further details.

In April 2017, the Company redeemed \$500,000 of the 8.625% Senior Notes due September 2017 issued by Cablevision from proceeds of the CSC Holdings Term Loan pursuant to the March 15, 2017 amendment.

In April 2017, the Company redeemed \$450,000 of the 6.375% Senior Notes due September 15, 2020 issued by Cequel and Cequel Capital from proceeds of the Cequel Term Loan pursuant to the March 15, 2017 amendment.

Support and other capital expenditures includes costs associated with the replacement or enhancement of non-network assets, such as office equipment, buildings and vehicles. Business services

capital expenditures include primarily equipment, installation, support, and other costs related to our fiber based telecommunications business.

Cash Flow Discussion

Continuing Operations - Altice USA

Operating Activities

Net cash provided by operating activities amounted to \$1,216,993 for the nine months ended September 30, 2017 compared to \$530,928 for the nine months ended September 30, 2016. The 2017 cash provided by operating activities resulted from \$1,652,776 of income before depreciation and amortization and non-cash items and an increase in deferred revenue of \$9,382, partially offset by a decrease in accounts payable and accrued expenses of \$273,888, a net decrease in amounts due to affiliates of \$97,440, a net increase in current and other assets of \$64,285 and a decrease in liability related to interest rate swap contracts of \$9,552.

The 2016 cash provided by operating activities resulted from \$408,397 of income before depreciation and amortization and non-cash items and an increase in accounts payable, accrued expenses and deferred revenue aggregating \$150,430, partially offset by an increase of \$3,519 in other assets and a decrease in liability related to interest rate swap contracts of \$24,380.

Investing Activities

Net cash used in investing activities for the nine months ended September 30, 2017 was \$834,047 compared to \$9,353,957 for the nine months ended September 30, 2016. The 2017 investing activities consisted primarily of capital expenditures of \$763,298, payments for acquisitions, net of cash acquired of \$43,608, and \$27,141 in other net cash payments.

The 2016 investing activities consisted primarily of payments for the Cablevision Acquisition of \$8,988,774, capital expenditures of \$377,726 and an increase in other investments of \$2,866, partially offset by net proceeds from the sale of affiliate interests and from the disposal of assets of \$13,825 and \$1,584, respectively.

Financing Activities

Net cash used in financing activities amounted to \$290,703 for the nine months ended September 30, 2017 compared to net cash provided by financing activities of \$2,005,411 for the nine months ended September 30, 2016. In 2017, the Company's financing activities consisted primarily of repayments of credit facility debt of \$3,684,668, redemption and repurchase of senior notes, including premiums and fees of \$1,729,400, dividend distributions to stockholders of \$839,700, payments of collateralized indebtedness and related derivative contracts of \$654,989, principal payments on capital lease obligations of \$11,518, additions to deferred financing costs of \$9,486 and distributions to noncontrolling interests of \$335, partially offset by proceeds from credit facility debt of \$5,602,425, proceeds from collateralized indebtedness of \$662,724, net proceeds from the Company's IPO of \$348,460, proceeds from notes payable of \$24,649, and contributions from stockholders of \$1,135.

In 2016, the Company's financing activities consisted of proceeds from credit facility debt of \$2,195,256, proceeds from notes payable to affiliates and related parties of \$1,750,000, issuance of senior notes and debentures of \$1,310,000, proceeds from collateralized indebtedness of \$179,388, and contribution from stockholders of \$1,246,498, partially offset by repayments credit facility debt of \$4,327,466, additions to deferred financing costs of \$193,705, repayment of collateralized indebtedness and related derivative contracts of \$143,102, principal payments on capital lease obligations of \$11,376 and excess tax benefit on share based awards of \$82.

Settlements of Collateralized Indebtedness

The following table summarizes the settlement of the Company's collateralized indebtedness relating to Comcast shares that was settled by delivering cash equal to the collateralized loan value, net of the value of the related equity derivative contracts during the nine months ended September 30, 2017:

Number of shares (a)	21,477,618
Collateralized indebtedness settled	\$ (617,151)
Derivative contracts settled	(37,838)
	(654,989)
Proceeds from new monetization contracts	662,724
Net cash payment	\$ 7,735

(a) Share amounts are adjusted for the 2 for 1 stock split in February 2017.

The cash to settle the collateralized indebtedness was obtained from the proceeds of new monetization contracts covering an equivalent number of Comcast shares. The terms of the new contracts allow the Company to retain upside participation in Comcast shares up to each respective contract's upside appreciation limit with downside exposure limited to the respective hedge price.

In April 2017, the Company entered into new monetization contracts related to 32,153,118 shares of Comcast common stock held by Cablevision, which synthetically reversed the existing contracts related to these shares (the "Synthetic Monetization Closeout"). As the existing collateralized debt matures, the Company will settle the contracts with proceeds received from the new monetization contracts. The new monetization contracts mature on April 28, 2021. The new monetization contracts provide the Company with downside protection below the hedge price of \$35.47 and upside benefit of stock price appreciation up to \$44.72 per share. In connection with the execution of these contracts, the Company recorded (i) the fair value of the equity derivative contracts of \$64,793 (in a net asset position), (ii) notes payable of \$111,657, representing the fair value of the existing equity derivative contracts, in a liability position, and (iii) a discount on debt of \$46,864.

Commitments and Contingencies

As of September 30, 2017, the Company's commitments and contingencies for continuing operations not reflected in the Company's balance sheet increased to approximately \$8,313,000 as compared to approximately \$7,733,000 at December 31, 2016. This increase relates primarily to renewed multi-year programming agreements entered into during the nine months ended September 30, 2017, net of payments made pursuant to programming commitments.

Other Events

Dividends and Distributions

The Company made cash distributions of \$839,700 during the nine months ended September 30, 2017, \$500,000 of which were funded with proceeds from borrowings under CSC Holdings' revolving credit facility.

Recently Issued But Not Yet Adopted Accounting Pronouncements

In May 2017, the FASB issued ASU No. 2017-09, Compensation- Stock Compensation (Topic 718). ASU No. 2017-09 provides clarity and guidance on which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. ASU No. 2017-09 becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied prospectively.

In March 2017, the FASB issued ASU No. 2017-07 Compensation-Retirement Benefits (Topic 715). ASU No. 2017-07 requires that an employer disaggregate the service cost component from the other components of net benefit cost. It also provides guidance on how to present the service cost component and the other components of net benefit cost in the income statement and what component of net benefit cost is eligible for capitalization. ASU No. 2017-07 becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied retrospectively. The

Company has not yet completed the evaluation of the effect that ASU No. 2017-07 will have on its consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles-Goodwill and Other (Topic 350). ASU No. 2017-04 simplifies the subsequent measurement of goodwill by removing the second step of the two-step impairment test. The amendment requires an entity to perform its annual, or interim goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity still has the option to perform the qualitative assessment for a reporting unit to determine if the quantitative impairment test is necessary. ASU No. 2017-04 becomes effective for the Company on January 1, 2020 with early adoption permitted and will be applied prospectively.

In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805), Clarifying the Definition of a Business, which amends Topic 805 to interpret the definition of a business by adding guidance to assist in evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The new guidance becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied prospectively.

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments which clarifies how entities should classify certain cash receipts and cash payments on the statement of cash flows. ASU No. 2016-15 also clarifies how the predominance principle should be applied when cash receipts and cash payments have aspects of more than one class of cash flows. The new guidance becomes effective for the Company on January 1, 2018 with early adoption permitted and will be applied retrospectively. The Company has not yet completed the evaluation of the effect that ASU No. 2016-15 will have on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases, which increases transparency and comparability by recognizing a lessee's rights and obligations resulting from leases by recording them on the balance sheet as lease assets and lease liabilities. The new guidance becomes effective for the Company on January 1, 2019 with early adoption permitted and will be applied using the modified retrospective method. The Company has not yet completed the evaluation of the effect that ASU No. 2016-02 will have on its consolidated financial statements.

In January 2016, the FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 825-10), Recognition and Measurement of Financial Assets and Financial Liabilities. ASU No. 2016-01 modifies how entities measure certain equity investments and also modifies the recognition of changes in the fair value of financial liabilities measured under the fair value option. Entities will be required to measure equity investments that do not result in consolidation and are not accounted for under the equity method at fair value and recognize any changes in fair value in net income. For financial liabilities measured using the fair value option, entities will be required to record changes in fair value caused by a change in instrument-specific credit risk (own credit risk) separately in other comprehensive income. ASU No. 2016-01 becomes effective for the Company on January 1, 2018. The Company has not yet completed the evaluation of the effect that ASU No. 2016-01 will have on its consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU No. 2014-09 will replace most existing revenue recognition guidance in GAAP when it becomes effective and allows the use of either the retrospective or cumulative effect transition method. In August 2015, the FASB issued ASU No. 2015-14 that approved deferring the effective date by one year so that ASU No. 2014-09 would become effective for the Company on January 1, 2018. The FASB also approved, in July 2015, permitting the early adoption of ASU No. 2014-09, but not before the original effective date for the Company of January 1, 2017.

In December 2016, the FASB issued ASU No. 2016-20, Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers, in order to clarify the Codification and to correct any unintended application of the guidance. These items are not expected to have a significant effect on the current accounting standard. The amendments in this update affect the guidance in ASU No. 2014-09, which is not yet effective. ASU No. 2014-09 will be effective January 1, 2018 for the Company, reflecting the one-year deferral. Early adoption of the standard is permitted but not before the original effective date. Companies can transition to the standard either retrospectively or as a cumulative-effect adjustment as of the date of adoption. The Company is in the process of evaluating the impact that the adoption of ASU No. 2014-09 will have on its consolidated financial statements and selecting the method of transition to the new standard. The Company currently expects the adoption to impact the timing of the recognition of residential installation revenue and the recognition of commission expenses.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

All dollar amounts, except per share data, included in the following discussion are presented in thousands.

Equity Price Risk

We are exposed to market risks from changes in certain equity security prices. Our exposure to changes in equity security prices stems primarily from the shares of Comcast common stock we hold. We have entered into equity derivative contracts consisting of a collateralized loan and an equity collar to hedge our equity price risk and to monetize the value of these securities. These contracts, at maturity, are expected to offset declines in the fair value of these securities below the hedge price per share while allowing us to retain upside appreciation from the hedge price per share to the relevant cap price. The contracts' actual hedge prices per share vary depending on average stock prices in effect at the time the contracts were executed. The contracts' actual cap prices vary depending on the maturity and terms of each contract, among other factors. If any one of these contracts is terminated prior to its scheduled maturity date due to the occurrence of an event specified in the contract, we would be obligated to repay the fair value of the collateralized indebtedness less the sum of the fair values of the underlying stock and equity collar, calculated at the termination date. As of September 30, 2017, we did not have an early termination shortfall relating to any of these contracts.

The underlying stock and the equity collars are carried at fair value on our consolidated balance sheet and the collateralized indebtedness is carried at its principal value, net of the unamortized fair value adjustment for contracts that existed at the date of the Cablevision Acquisition. The fair value adjustment is being amortized over the term of the related indebtedness. The carrying value of our collateralized indebtedness amounted to \$1,314,788 at September 30, 2017. At maturity, the contracts provide for the option to deliver cash or shares of Comcast common stock, with a value determined by reference to the applicable stock price at maturity.

As of September 30, 2017, the fair value and the carrying value of our holdings of Comcast common stock aggregated \$1,652,917. Assuming a 10% change in price, the potential change in the fair value of these investments would be approximately \$165,292. As of September 30, 2017, the net fair value and the carrying value of the equity collar component of the equity derivative contracts entered into to partially hedge the equity price risk of our holdings of Comcast common stock aggregated \$52,488, a net liability position. For the three and nine months ended September 30, 2017, we recorded a net gain (loss) of \$55,602 and \$(81,905), respectively, related to our outstanding equity derivative contracts and recorded an unrealized gain (loss) of \$(18,900) and \$169,888, respectively, related to the Comcast common stock that we held.

Fair Value of Equity Derivative Contracts

Fair value as of December 31, 2016, net liability position	\$ (2,202)

(a) Represents the price below which we are provided with downside protection and above which we retain upside appreciation. Also represents the price used in determining the cash proceeds payable to us at inception of the contracts.

- (b) Represents the price up to which we receive the benefit of stock price appreciation.

Fair Value of Debt: At September 30, 2017, the fair value of our fixed rate debt of \$19,025,318 was higher than its carrying value of \$17,247,487 by \$1,777,831. The fair value of these financial instruments is estimated based on reference to quoted market prices for these or comparable securities. Our floating rate borrowings bear interest in reference to current LIBOR-based market rates and thus their principal values approximate fair value. The effect of a hypothetical 100 basis point decrease in interest rates prevailing at September 30, 2017 would increase the estimated fair value of our fixed rate debt by \$365,429 to \$19,390,747. This estimate is based on the assumption of an immediate and parallel shift in interest rates across all maturities.

Put/Call Options

In the third quarter of 2017, the Company entered into a put-call contract that expires in the third quarter of 2018 whereby the Company sold a put option and purchased a call option with the same strike price. In connection with this transaction, the Company provided cash collateral of approximately \$45,000 at September 30, 2017, which reflects the aggregate difference between the strike price and the closing price of the underlying shares and is reflected as restricted cash in our consolidated balance sheet. The fair value of the put-call contract of \$48,326 as of September 30, 2017 is reflected in liabilities under derivative contracts on the Company's balance sheet. For the three months ended September 30, 2017, \$72,365 was recorded in the statement of operations as a loss on derivative contracts which reflected a change in the fair value of the put-call contract of \$48,326 and a realized loss on the settlement of certain put-call options of \$24,039. In October 2017, the Company settled the remaining put-call options and recognized an incremental loss of approximately \$25,000.

Interest Rate Risk

In June 2016, Altice US Finance I Corporation entered into two fixed to floating interest rate swaps. One fixed to floating interest rate swap is converting \$750,000 from a fixed rate of 1.6655% to six-month LIBOR and a second tranche of \$750,000 from a fixed rate of 1.68% to six-month LIBOR. The objective of these swaps is to cover the exposure of the 2026 Senior Secured Notes to changes in the market interest rate.

These swap contracts are not designated as hedges for accounting purposes. Accordingly, the changes in the fair value of these interest rate swap contracts are recorded through the statement of operations. For the three and nine months ended September 30, 2017, the Company recorded a gain on interest rate swap contracts of \$1,051 and \$12,539, respectively.

As of September 30, 2017, our outstanding interest rate swap contracts had an aggregate fair value and carrying value of \$69,271 reflected in "liabilities under derivative contracts" on our consolidated balance sheet.

We do not hold or issue derivative instruments for trading or speculative purposes.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

An evaluation was carried out under the supervision and with the participation of Altice USA's management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined under SEC rules). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the design and operation of these disclosure controls and procedures were effective as of September 30, 2017.

Changes in Internal Control

During the nine months ended September 30, 2017, there were no changes in the Company's internal control over financial reporting that materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

The Company plans to migrate Cequel's customer billing system to the Cablevision billing system platform in 2018.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Refer to Note 15 to our condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for a discussion of our legal proceedings.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) Sales of Unregistered Securities

We had no unregistered sales of equity securities during the period covered by this report.

(b) Use of Proceeds

On June 22, 2017, we completed our IPO, in which we sold 12,068,966 shares of Class A Common Stock and selling stockholders sold 51,874,063 shares of Class A Common Stock, at a price of \$30.00 per share. Additionally, on June 22, 2017, the selling stockholders sold 7,781,110 shares of Class A Common Stock at a price of \$30.00 per share pursuant to the exercise of an overallotment option granted to the underwriters in connection with the offering. The offer and sale of all of the shares of our Class A Common Stock were registered under the Securities Act, pursuant to a Registration Statement on Form S-1 (Registration No. 333-217240), which was declared effective by the SEC on June 21, 2017.

The managing underwriters of our IPO, which has now been completed, were J.P. Morgan, Morgan Stanley, Citigroup and Goldman Sachs & Co. The aggregate offering price for shares sold in the offering was approximately \$2,151.7 million (including shares sold pursuant to the exercise of the overallotment option). We did not receive any proceeds from the sale of shares by the selling stockholders. We received approximately \$348.5 million in net proceeds from the offering, after deducting underwriter discounts and commissions of approximately \$11.9 million and other offering expenses of approximately \$1.7 million.

There has been no material change in the use of proceeds from our IPO as described in the Prospectus. On July 10, 2017, the Company used approximately \$350,120 of the proceeds to fund the redemption of \$315,779 principal amount of 2025 Senior Notes issued by CSC Holdings, a wholly-owned subsidiary of the Company, and the related call premium of approximately \$34,341. Prior to the redemption of the notes and the premium and interest paid, we invested the net proceeds in money market funds.
